SEVENTY-SIXTH YEAR.

JACKSONVILLE, ILLINOIS, THURSDAY, APRIL 7, 1910.

DINNER GIVEN TO ROOSEVELT

SERIES OF EVENTS ADDS INTEREST TO AFFAIR.

Dinner Presided Over by Mayor of Rome—Compares Former President to Marcus Aurelius—Roosevelt and Party Left City Last Night

Rome, April 6.—The series of events connected with the cancellation of Roosevelt's audience with the pope and his repudiation of the denunciatory statement issued by Pastor Tipple of American Methodist church at Rome, added interest to the dinner given in Roosevelt's honor in the great hall of the historic capitoline palace of municipal authorities over which Mayor Nathan presided. No reference, directly or indirectly, was made to this subject. The guests included Premier Luzzati, Signor Forast, grand master of Free Masons, and Ambassador Lelshman.

Mayor Nathan in proposing the health of Roosevelt referred to him as "one whose character and work had effect upon the civil progress of humanity." After mentioning Washington and Lincoln as respectively the founder and consolidator of the republic, he characterized Roosevelt as the "purifier," saying that he had hunted fiercer beasts than during the recent trip in Africa. "Men of his calibre," said the mayor, "are beyond the limits of a country. They belong by right to civilization." He concluded with apostrophe to Roosevelt as the "fighting philosopher who is preaching the word of purity, goodness and duty to his people," and he compared the former president to Marcus Aurelius.

Roosevelt, replying, declared no civilized man could come to Rome without feeling he was visiting the cradle of civilization. After expressing deep appreciation for the hospitality extended him, he spoke of political life, which he said, was not so much a matter of genius as of practical application of the ordinary qualities of courage, honesty and common sense, and the rarest of these, was common sense.

"Twice Italy was at the head of the world," he continued. "First, in the days of her glory, when Marcus Aurelius was emperor, and second, during the marvelous reproduction of the life of Greece in the communes of Amalfi, Pisa, Florence and Genoa. And now in the last sixty years, since the battle of Novara, we have seen the wonderful growth which has made Italy what she is and what she will be."

Roosevelt and wife left for Spezia tonight. Several hundred persons gathered around the train in an enthusiastic demonstration. There were many cries of "long live Roosevelt." He was obliged to come on the platform of the special car, which had been put at his disposal by the government, and he expressed thanks to the people of Rome for the generous and unforgettable hospitality, which called forth a new ovation, that continued as the train moved away.

Among Roosevelt's telegrams today were two from Catholic publishers, declaring Catholic opinion in America endorsed his position. Roosevelt also received visits and letters from members of the Methodist organization in Rome, disavowing sympathy with the violent utterances contained in Rev. Tipple's recent statement.

The Vatican today made further representations regarding cancellation of the audience, but contained no new points. The Italian historian, Guglielmo Ferrero, entertained Roosevelt at luncheon. With Signor Ferreri, grand master of Free Masons, Roosevelt discussed Free Masonry in France, in which he has shown great interest and expressed warm sentiments of gratitude and fraternity for the felicitations addressed to him by French members of that order.

French Press Comment. Paris, April 6.—The Temps concludes an article on the latest aspect of the Roosevelt-Vatican incident by saying: "The tolerant attitude of Roosevelt has produced the best of impressions."

Roosevelt's Triumph.

Rome, April 6.—Before leaving Rome to night Roosevelt had reason to believe that a great triumph was his, because both the attitude of the Vatican towards him and the statement of the Methodist preacher, Tipple, which he had condemned, were repudiated by leading adherents of both.

Abbott Lawrence Janssens, a learned Benedictine and secretary of the congregation of affairs of religion, called on Roosevelt and not finding him, left a card on which they wrote in French that he desired to congratulate him for the constant sup-

port given to his order and the Catholic church in general in America during Roosevelt's "glorious career" as president, which he hoped would soon be resumed.

Contemporaneously Roosevelt received letters from relatives of high prelates and cardinals, condemning what they styled the "personal attitude of Cardinal Merry Del Val, for which neither the pope nor the Catholic church are responsible."

On the other hand Roosevelt received the following letter from Dr. Walling Clark, head of Methodist organization in Italy:

"The incident connected with the article written by Rev. B. M. Tipple for the American press has caused me untold regret. I was not aware that the article had been written or sent until Tuesday, when it was brought to me by a newspaper correspondent, together with the statement which you gave out Tuesday morning. If I had known Tipple's intention, I certainly should have used all my influence to prevent it. Let me assure you that the Methodists of Rome were not responsible for that article. Allow me once more to express admiration for the courageous position you have taken in the face of demands of the Vatican. The Methodists of Rome will not forget it."

SOCIALIST VICTORY

Tuesday's Election in Milwaukee Commented On by Various Congressmen.

Washington, April 6.—The election of a Socialist mayor in Milwaukee by a plurality almost unprecedented in that city was the subject of much comment among members of Congress today, especially those from Wisconsin. Leading Republicans are inclined to minimize the political importance of the result; some would not admit that it was really a Socialist victory. Democrats generally were uncommunicative on the subject.

But Wisconsin representatives view it as momentous. One of the most prominent, forbidding quotation by name, said election of a Socialist mayor "might mean the election of two Socialist congressmen from Wisconsin this fall."

Representative Morse, "insurgent" Republican from the tenth Wisconsin district, declared the Socialist victory in Milwaukee indicated "a revolt against 'corporation domination and control of the eastern wing of the Republican party and lack of faith in Democratic professions. The result indicated that there is a deep feeling of unrest over the present political changes. The people of Milwaukee voted a protest against control of the Republican party by the eastern wing of it, which they know is dominated by 'business interests' in the interest of trusts and combinations. The voters refused to turn to the Democratic party. The Socialists are gaining strength rapidly not only in Milwaukee but also in my district and elsewhere in the state. They have the best political organization I have ever seen."

Representative Carey, Republican, of Wisconsin, said the result was a protest both against the Republican and Democratic machines. "These machines cannot combine and fool the people any longer. They have stood for it as long as they will. The fight in Milwaukee, however, was a local one."

Representatives Stafford and Carey's seats in congress are considered by colleagues to be in danger from Socialists.

CLEVELAND MONUMENT.

Bears Only Names and Dates of Birth and Death.

Princeton, N. J., April 6.—With no mention in the inscription of the fact that he was once president of the United States, but reading merely "Grover Cleveland, born at Caldwell, N. J., March 18, 1837, and died at Princeton, N. J., June 24th, 1908," the monument to the memory of Grover Cleveland was completed today on the grave in Princeton cemetery. Beside it at same time was placed a marble slab over the grave of Ruth Cleveland, his daughter. It, too, bears a simple inscription. Both stones were erected at the direction of Mrs. Cleveland.

BODY FOUND.

Niagara Falls, April 6.—A body believed to be that of Capt. John McLeod of the Marquette Bessemer ferry which foundered between Conneaut and Port Stanley Dec. 10, was found today in the intake of the Niagara Falls Power company. The captain's body had traveled 100 miles. Thirty-five lives were lost when the ferry foundered.

CONVENTION CALLED.

Columbus, Ohio, April 6.—The Republican state committee to day called the state convention to meet in Columbus July 26 and 27.

NO AMENDMENT TO TARIFF LAW

PAYNE DECLINES TO PRECIPITATE DISTURBANCE.

New York Congressman Wants Cattle and Meat Placed on Free List—Railroad Bill in Senate Next Week.

Washington, April 6.—Flatly declining to precipitate "tariff disturbance," by calling a meeting of the ways and means committee of the house to consider placing cattle and meats on the free list for one year to relieve the high price of foods, Chairman Payne, in an open letter to Representative Foelker of New York declares that the majority of the committee, opposes any amendment to the tariff law.

Foelker in reply asks the committee to reconsider and "if they will not grant me a hearing and are opposed to the bill that they will report the bill adversely and thus give members of the whole house a chance to say whether they are in favor or against this measure."

The senate will take up the railroad bill in earnest next Monday. Senator Elkins, in charge of the measure, gave notice today that immediately after conclusion of routine business on Monday he would ask to have the bill proceeded with and that voting should begin whenever the fact developed that no one was prepared to proceed with a speech. The notice was the direct result of a suggestion from Senator Clapps of Minnesota.

When at 2 o'clock today, as usual, Elkins was about to ask that the railroad bill be temporarily laid aside because no one was prepared to speak on it, Clapp interrupted with the suggestion that he would insure better attendance of senators, prompt speeches and more expeditious disposition of the bill by advising the senate that he would press the bill tomorrow. Clapp said if this course should be pursued, the minority senators would insist on a vote in the absence of speeches.

Elkins replied that a number of senators had left the city with the understanding that no vote would be taken on the bill during the present week. Notice for Monday was generally favorably accepted.

Senator Warren's bill authorizing the disposal of surplus waters of government irrigation projects to private corporations was the subject of a prolonged debate in the senate today. Consideration of the measure occupied nearly the entire session. When Senator Warren moved to take up the bill no vote was cast in the negative, and it was believed that, in view of subsequent adoption of the amendment guaranteeing rights of the state in controlling streams within their borders a compromise had been reached which would insure early action on the bill. Such did not prove to be the case.

A state's rights amendment was presented by Warren, who said it had been revised by Heyburn who successfully conducted two or three filibusters against the bill. Apparently modified by amendment, Heyburn ultimately took the position that it would be of no service and vigorously denounced it as a subterfuge and delusion. He announced, however, that having exhausted himself he would not continue opposition to the bill.

The Idaho senator's submission to what he conceived to be the inevitable was not of long duration. Other senators having given him encouragement to believe he had support on the floor, he renewed opposition and denounced the measure vigorously. When Heyburn alleged that the bill had been dictated by corporations, Warren said: "I deny that imputation. I drew the bill as the result of a suggestion from a government officer and not in the interest of any corporation."

Senator Carter attempted to pour oil on the troubled waters by proposing an amendment, including individual consumers, but while the amendment was accepted by all, action did not put a stop to the discussion in which Carter, Heyburn, Borah, Warren, Burkett, Flint and Jones participated. Heyburn was sharply antagonized by his colleague, Borah, who declared the bill in the interest of and acceptable to the people.

ELECTION IN NEBRASKA.

Omaha, April 6.—The Merchants and Manufacturers association in a statement to day says returns from 135 cities and villages of Nebraska which voted on license yesterday show 76 voted wet and 59 dry. Eleven towns changed from wet to dry, while fifteen towns changed from dry to wet.

MRS. SAYLER ON STAND

Widow of Slain Man Testifies for Accused Murderer—Case Reverts Back to Hatchet.

Watseka, Ill., April 6.—Mrs. Lucy Sayler, on the witness stand today, told the story of the killing of her husband, J. Byron Sayler, at Crescent City last July. She, her father, John Grunden and Dr. W. R. Miller are charged with the murder of her husband. Her testimony was in accord with that of Dr. Miller, who declared he shot Sayler in self defense.

Her testimony touched on the financial condition of her husband and trivial incidents of the Sunday before the night of the shooting. She told of seeing a hatchet brandished in her husband's hand as he rushed on Miller and of seeing it later on the floor near the body. Tears filled her eyes while telling of seeing her slain husband, prone in the parlor of her home. The actual struggle which ended with four pistol shots, she said she didn't see.

After Mrs. Sayler left the stand the case swung back to the hatchet, which is vital to the plea of self defense. Witness after witness for the state declared a hatchet was not in the room with the body shortly after the killing, but was seen there much later in the night, lying on a blood stained paper. To counterbalance this testimony the defense introduced a number of blood spotted pieces of paper, obtained in experiments made to determine the time it required to dry human blood dropped from a height of four feet on paper or carpet.

The defense sought to establish bloodstains on the blade and helve of the hatchet could not have come from bloody paper or carpet hours after the shooting, but dripped from Miller's wound. Experiments were testified to by Dr. Bissell and Mrs. Ross of Watseka, who last Sunday timed the drying of blood, which dropped from an incision in the finger of J. J. W. Kern, counsel for the defense. The interval before coagulation, the physicians declared, was ten to thirty-seven minutes.

The hatchet according to the state's witnesses was not seen until three hours after the shooting. The evidence, it is expected, will be completed tomorrow.

COPPER PROPERTIES

Management of Calumet to Be Placed in Younger Hands—Shaw President.

Boston, April 6.—Younger heads and more athletic hands to day took up the management of the great Calumet Copper properties which Prof. Alexander Agassiz dropped at his death last week. Quincy A. Shaw, the largest individual owner of stock in the Calumet and Hecla Mining company, was chosen president in place of Agassiz. R. L. Agassiz, the scientist's second son, was made a director and vice president, while Thomas Nelson Perkins was elected director in two subsidiary companies, the Tamarack and Isle Royale.

Shaw has been closely identified with the Calumet since the death of his father, who assisted Prof. Agassiz in development of the northern Michigan mines. He was former national court tennis and racquet champion and expert tennis and golf player. R. L. Agassiz studied mining under his father. He is a prominent polo player. Perkins is a lawyer and fellow of Harvard university. He was captain of the Harvard Varsity crew in 1891.

SENTENCED TO PRISON.

Philadelphia, April 6.—Having pleaded guilty to placing explosives on the tracks of the Philadelphia Rapid Transit company Frank Godda, a strike sympathizer, was to day sentenced to five years in the penitentiary. Godda is an Austrian and has been in America two months. He said he found a dynamite cap and was told by boys to place it on the car tracks.

VIOLATED PURE FOOD LAW.

New York, April 6.—Dr. Julian P. Thomas, balloon and motor car racer was found guilty to day of violating the pure food law in the manufacture of a proprietary remedy which the government contended was misrepresented in published advertisements. The penalty is a fine of \$25 for the first offense.

GIBBONS VISITS TAFT.

Washington, April 6.—Cardinal Gibbons made an unexpected visit to the white house to day and when leaving he said the incident at Rome had been mentioned casually. "Both the president and I expressed regret over the incident," said the Cardinal, "but mention of the affair was entirely casual."

REACH CLIMAX IN GRAFT PROBE

ONE PROMINENT MAN MAY BE INDICTED.

Jury Recommends Action Be Taken Against Frank W. Hoffstat, Head of Steel Car Company and National Banks.

Pittsburg, April 6.—The climax promised in the Pittsburg graft exposure came to day with the presentment by the grand jury of a report, in which it recommends the indictment of Frank W. Hoffstat, president of the Pressed Steel Car company, president of the German National bank of Allegheny, and prominently identified with other banks, on the charge that he paid to Charles Stewart, a former select councilman \$52,500 as a bribe to influence the votes of councilmen to pass an ordinance naming three banks in which Hoffstat was interested as official depositories of the city funds.

It is alleged the payment of the money to Stewart was made at New York in 1908, and the late James W. Friend, an officer of the Pressed Steel Car company was an associate in this action. The original plan of Friend was to obtain the services of William A. Blakeley, who is now district attorney in charge of graft prosecutions, as stake holder until the ordinance was passed, but Blakeley declined to act and warned all parties of the criminality of the plan. It is also charged that Hoffstat obtained from James N. Young, cashier of the Second National bank of Pittsburg, \$21,000 to be paid to Stewart to insure the selection of the Second National as city depository. The ordinance naming city depositories was passed July 10, 1908, over the mayor's veto.

While Hoffstat is best known as president and director of the Pressed Steel Car company, he also is president and director of the Canada Car company, limited; of the Chicago & Calumet River railway, and the Western Steel Car and Foundry company. He is also secretary and treasurer of the South Shore railroad.

Simultaneously with the grand jury report in open court came the plea of Emil Winter, president of the Workman's Savings and Trust company, that he had no defense to make to the charge that he gave a \$20,000 bribe to former Councilman Morris Einstein. When Winter appeared in court, Judge R. S. Frazer, who is presiding in the graft cases, asked to be excused from hearing the plea on account of long and intimate friendship with Winter. Judges Carnavani and Sweringen heard the formal plea. Sentence was postponed.

The court ordered indictments drawn against Hoffstat on two counts of bribery and one of conspiracy to defraud the city.

Before President Winter's appearance in Judge Frazer's court, James Anderson, bookkeeper of the Workman's Savings Bank and Trust company of Allegheny, pleaded nolo contendere to the charge of falsifying the books of the bank in connection with the payment of \$20,000 to Einstein. Anderson, who for twenty years was secretary to Winter, was charged with cutting from the bank's ledger several pages on which were "special accounts" of Emil Winter and Mrs. Winter. The district attorney said that the missing pages were later found by the state bank examiner.

INDIANA PROHIBITIONISTS.

Indianapolis, Ind., April 6.—Every county of Indiana, including seventy from which the saloon has been abolished, was represented among the 1500 delegates and visitors that filled Tomlinson hall today at the formal opening of the Prohibition state convention. A. B. Kirkpatrick of Kokomo, presided at the initial session, which was given over to the appointment of committees and the transaction of other routine business. Tomorrow the convention will name candidates for states officers and adopt a platform for the coming campaign. The party intends to work for the election of a sufficient number of members of the next legislature to bring about the adoption of a joint resolution looking to the submission of a prohibition amendment in 1913.

LOST HIS MONEY.

New York, April 6.—Henry King, a merchant, to day related how he was fleeced of \$10,000 by several men who represented themselves as millionaires and took him to Jacksonville, Fla., in a private car and let him hold stakes of a hundred thousand dollars on a race. He has his money lent in the stakes. The Jockey fell and the men ran away, taking King's money.

PATTEN ON SCENE

Appears on Cotton Exchange and Puts Stop to Heavy Losses—As Bullish as Ever.

New York, April 6.—James R. Patten of Chicago, who did not know whether he was out of the speculative markets when he arrived a few weeks ago from Liverpool, reappeared on the floor of the cotton exchange to day and thereafter a deluge of liquidation, estimated in some quarters to have cost him \$1,500,000 yesterday, ceased. Instead of the feeble recovery he started late yesterday and gained strength and May option advanced \$2.90 a bale above Tuesday's low level, to \$14.57.

Patten hurried to the assistance of the market from Chicago over night and before the exchange opened was quoted as being as bullish as ever. The bull movement in May cotton reached the apex last January at \$16.46, and then broke to \$13.50. Renewed liquidation brought fresh advances, culminating March 30, in a mark of \$15.16. Since then continued slack demand from spinners and reports of rain in the south have affected slow recessions, which yesterday became panicky. The behavior of the market to day indicated determination of the bulls to carry the May deal through.

ARREST OF MURDERER

Accused of Killing Man and Woman at Canton, Ohio—Crime Revealed by Son of Victims.

Canton, Ohio, April 6.—Cletus Willaman, under arrest at Chicago, will be brought to Canton to morrow to stand trial for the murder of his father-in-law, Warren E. Koons, 60 years old, and Koons' wife. The crime was committed last night and was revealed to day by Earl Koons, 10 years old, son of the slain parent.

Investigation showed Mrs. Koons had been shot and the husband beaten to death with a brick. Mrs. Koons' body also showed contusions from a brick and that Koons had been shot in the head though the bullet glanced. The Koons boy says he was aroused by the sound of shots and went to investigate; Willaman was standing over the bodies. Willaman hurled a brick at the boy, who has a severe contusion on the head. Police found gas jets turned on and gas kept the boy in a comatose condition until wind blew fresh air into the house and revived him.

Willaman is 26 years old and is the husband of a daughter of Koons' former wife. He bought a ticket to Massillon yesterday for Montana. He boarded a train for the west, but according to the Koons boy, he went to the Koons home last night and requested lodging.

The police theory of robbery is complicated by a statement of Willaman in Chicago that the Koons pair held a mysterious influence over him.

TO TREAT EMPLOYEES BETTER.

New York, April 6.—Improvements and increased wages for employees rather than melons for stockholders is to be the official attitude of the Western Union Telegraph company, according to a resolution adopted today at a meeting of the executive committee. Working conditions of the employees are to be improved and salaries re-arranged, recognizing in readjustment merit, proficiency and length of service, modified by location. There will be no horizontal increase. The policy will be to treat employees individually as human beings and not in bulk as mathematical problems.

EMPEROR IN BETTER HEALTH.

St. Petersburg, April 6.—Emperor Alexandra furnished the best possible refutation of recent reports that she is in serious ill health, when to day she received Ambassador Rockhill. Judging from the appearances of her majesty she has fully recovered her normal condition. The audience marked resumption of social life of the court in fully vigor, which has been suspended since the war with Japan.

ROLLER WON MATCH.

St. Joseph, Mo., April 6.—Dr. B. F. Roller tonight defeated Humid Kala Pasha, both falls resulting from a scissor hold on the body in 21 minutes and 52 seconds and 14 minutes and 4 seconds.

COLORADO ELECTIONS.

Denver, Colo., April 6.—Complete returns from twenty-two towns throughout Colorado in which the saloon question was the issue yesterday shows drys gained five towns and wets three. The wets have a total of 13 and the dry 9.

TELLS OF HIS WILD CAREER

LOVE OF EXCITEMENT AND MANIA FOR STEALING.

Bertram Spencer Confessed to Police to Murdering Miss Blackstone—Was Masked Burglar Who Terrorized City for Two Years.

Springfield, Mass., April 6.—Laying his crime to lot of excitement and a mania for stealing, caused by an injury to his head in boyhood, Bertram Gage Spencer to day confessed he was the masked burglar who terrorized Springfield for two years and reached the climax of his wild career by murdering Miss Martha B. Blackstone last Thursday evening. Spencer made it clear that associated with an overpowering desire to steal were the intense love of excitement and high degree of personal vanity. This latter trait of Spencer was gratified by baffling the police and reading newspaper accounts of the exploits. Accounts of daring crimes fascinated him and fostered egotism.

Police declare he is a morphine fiend. Coupled with other motives was a desire to get money to purchase elaborate furnishings for his home in West Springfield, furnishing a handsome setting for a young and pretty wife, for whom he bore a strong affection.

While he admitted killing Miss Blackstone, Spencer said he did not intend to shoot her, but lost control of himself when she repeatedly shrieked. Even then he fired only to frighten her and the three other women who confronted him in the Dow home.

Spencer was arraigned in the police court and held without bail. Spencer told the police he experienced no qualms of science as a result of his crimes. The only thing that worried him was the loss of a locket bearing his initials. This was found outside of the house which he had entered and through it the arrest was brought about. Spencer revealed a career of almost life long crime. Following a blow on the head while a boy in Lebanon, Conn., his native town, he began to steal. At the age of 9 he rifled the pockets of school-mates and robbed his parents of small sums. Later while still a youth he held up young women on the highways and entered houses. He spent some time on a naval training ship and then traveled about the country, his thefts covering a wide range of territory. By engaging in legitimate occupations by day he escaped detection.

OBJECT TO LEE STATUE.

Protest Made by Massachusetts Grand Army Men.

Boston, April 6.—Massachusetts members of the Grand Army of the Republic today at the annual encampment, unanimously voiced a protest against placing in the national house of representatives a statue of General Robert E. Lee, clothed in the uniform of a Confederate general and petitioned congress for its removal. Retiring Departmental Commander John L. Parker was enthusiastically applauded when he said:

"It would be an insult to the memory of the men who gave their lives for their country and union veterans who have survived the war and who still cherish a love for the flag they fought under, to place a statue of General Robert E. Lee, in the full uniform of a rebel general in the Hall of Fame, as it would reach the coming generations that a man who fought to destroy the country deserves the highest honors the nation can bestow."

TEXAS AS A REPUBLIC.

New York, April 6.—There was placed on sale at auction in this city today a highly interesting collection of important original documents and diplomatic correspondence as a republic. The collection formed a part of the library of Albert T. Burnley, who was commissioner of the republic from 1837 to 1843. One of the interesting items is the original manuscript and contract for the purchase of the steamer Charleston, afterward the Zavalla, which for a time was the only vessel in the Texan navy.

TO RESUME WORK.

Bridgeport, Ohio, April 6.—Orders were issued to day for 14,000 miners to resume work to morrow in Harrison, Belmont, and Jefferson counties, pending final settlement of negotiations with operators of the east Ohio district. The action follows signing of a temporary scale by operators in Columbus Tuesday.

CONCRETE
Is now admitted to be the coming material for walks, buildings, chimney tops, gate posts and many uses.

Otis Hoffman
CONTRACTOR

makes a specialty of all kinds of concrete work. Estimates promptly furnished. Works on Wabash tracks near East street, East Lafayette Ave. Ill. phone, 621; residence, 667.

CITY GARAGE

E. H. STALEY
will open a first-class Garage, about April 1st, at 229-231 East Morgan street, known as the Killian building, with a full stock of supplies necessary for any or all troubles.

Both Phones 331

In Local Church Evangelism—Rev. J. V. Whiting, Jacksonville.
In the Missionary Spirit—Rev. R. H. Claxson, Ashland.
How to Develop the Associational Spirit—Rev. N. O. Patterson, Decatur.
How Can the Work of Morgan Scott County Association be Improved?—A. A. Curry, Pisgah.
Tuesday Night.
The Pastor His Own Evangelist—Rev. R. N. Moles, Urbana.
Missions and the Missionary Outlook of Today—Rev. U. S. Davis, D. D., Bloominghob.

MATRIMONIAL

Balsley-Harshley.
Harshley-Roach.
A double wedding took place Wednesday noon at the court house when Miss Katie Harshley became the wife of William Balsley and Mrs. Susan Roach became the bride of George Harshley, the ceremonies being performed by Judge F. E. Baldwin. Both couples reside at Waverly. Mr. Harshley is a teamster and Mr. Balsley an engineer. They went to their homes in Waverly Wednesday afternoon.

Neill-Ater.
Claude Neill and Miss Nina Ater, both of Arcadia, were married Wednesday by Judge F. E. Baldwin. They will reside in Arcadia.

Jacksonville, Ill., Jan. 10, '09. I am a farmer and was suffering with acute kidney trouble, could not get up or down for rheumatic pains in back and hips. I bought a bottle of HALL'S TEXAS WONDER at J. A. Overmeyer, City Drug Store, and after taking 1/4 bottle could get up or down, and in and out of wagon without any trouble. I fully recommend it.
Frank Murtaghroyd.

SENIOR RECITAL AT WOMAN'S COLLEGE.

Mrs. May Fisher will give a voice recital in Music hall at 4:15 o'clock this afternoon.
Miss Hazel Belle Long will give a piano recital at the same place on Friday afternoon at 4:15. The public is cordially invited to attend both recitals.

A PUBLIC BENEFIT

Jacksonville People Greatly Interested in the Generous Offer of Lee P. Allcott Drug Store.

The people have already demonstrated that they would rather trust a man who is naturally honest than one who is honest only because he had to be.

Lee P. Allcott has a firmly established reputation for square dealing and sterling honesty. When they told the people that Rexall Remedies are the purest and most dependable medicines that it is possible for modern science to produce, and that they would tell the public what each one of these 300 or more remedies contained, and that they sold Rexall Remedies on their personal guarantee that they would give entire satisfaction or they would not cost, the user a single cent, they were believed.

Ever since this announcement Lee P. Allcott has been largely patronized by people buying Rexall Remedies, all of which proves that this store has the confidence of the people and that honesty is the best policy.

There is no "cure-all" among the Rexall Remedies. There are different and separate medicines, each one devised for a certain human ailment or a class of ailments closely allied. For instance Rexall Dyspepsia Tablets are recommended for the positive relief of stomach irritation, indigestion, flatulency and dyspepsia. They are rich in Bismuth-Subnitrate. Pepsin and Carminatives. They are prepared by special processes which perfect and enhance the great remedial value of these well known medicinal agents. This remedy sells for 25 cents, 50 cents and \$1.00 per package. Every one suffering from stomach disorder should try Rexall Dyspepsia Tablets, inasmuch as they cost nothing if they do not satisfy.

Remember, Lee P. Allcott's store is the only store in Jacksonville where these remedies may be obtained, and every one in need of medicine is urged to investigate and take advantage of the frank and generous manner in which they are sold.

CITY LIGHT PLANT BUILT IN 1895

MUNICIPAL LIGHTING CAME AFTER LONG DISCUSSION BY CITY COUNCIL.

First Cost of Plant Was \$20,000—Paid From General Taxes—Capacity Increased at Various Times—Proposed System Would Include Latest Improvements.

The fact that an election has been called to vote upon the issue of bonds for the building of a new light plant or more properly for the enlargement of the present plant has brought to mind some facts about municipal lighting in Jacksonville.

The talk about a municipal plant began in the city council under Mayor Schoenfeld in May, 1894, and during the following month the light committee of the city council was authorized to secure the services of an engineer and submit plans for a plant. The committee employed C. W. Brown and he prepared plans and specifications for a plant to cost about \$22,000.

This talk about a municipal plant brought about a discussion of the advisability and feasibility of granting a franchise for a light plant other than that of the Jacksonville Gas company and after some time such a franchise was granted to L. C. Weston. It will be remembered that Mr. Weston started the construction of a building on East College avenue near the railroad. A frame was put up and it was covered with one course of brick, but the building of the plant for some cause or other progressed no further. Then the talk about a municipal plant was revived and late in 1894 a contract for a plant was about to be made with the Excelsior Electric company. The council was enjoined from entering into this contract by George E. Doying and because of various provisions of the proposed contract the temporary injunction was made permanent. Along in Feb. 1895, however, the council entered into a contract with the Ft. Wayne Electric company for the construction and equipment of a plant at a cost of \$20,000. Plans for this plant had been drawn by C. W. Brown, acting upon instructions from Mayor Schoenfeld. The mayor wrote to Mr. Brown, who was then at Muncie, Ind., to revise the plans submitted some months before and reduce the cost to about \$20,000.

Work upon the erection of the plant was commenced as soon as the weather would permit and the plant was in readiness July 1, 1895. Mr. Brown superintended the erection of the plant in behalf of the city and afterward when it was ready to operate took charge as superintendent. The entire contract for the plant was given to the Ft. Wayne Electric company and the carpentry work was sublet to S. D. Lindsay.

The equipment installed included two 80-light arc machines, one Russell engine, 16 by 24, and two 66 by 16 horizontal tubular boilers. The plant commenced operation with carrying 120 lamps and in 1897 the two 80-arc machines were changed for two 100-arc machines and the number of lights was increased to 184. In 1903 a brick stack was erected at the plant at a cost of \$2200 and the year following one new boiler was installed. The same year a new generator was added carrying 40 arc lights and about 216 incandescent lights, which were for the lighting of the streets and alleys inside the fire limits. The cost of this improvement was about \$3,000. Other changes have of course been made from time to time, but the ones mentioned were the more important and costly ones.

The plant was erected at a time when machinery and materials were very low in price and such a plant today would cost far more money.

Before the days of the municipal plant the city was buying light from the local company, paying \$95 per lamp for each arc of 12,000 candle power on the streets. During the early years the cost per lamp for the city was slightly over \$10 per lamp for each arc of 12,000 candle course more expensive improvements were made and the cost of operation naturally increased to some extent as the plant became older.

The plant to day is overloaded and carries 190 lamps in addition to those inside the fire limits. The fact that it is overloaded is shown by the poor service given in some parts of the city where it seems impossible to keep lights burning regularly. On the whole, however, regardless of the fact that the machinery is so badly worn and the plant loaded above the proper capacity Jacksonville is pretty well lighted by comparison with other cities. Some years ago statistics collected showed that no city in the state save one was better lighted. But conditions have improved in other cities and with the adding of modern machinery elsewhere Jacksonville was forced out of second place and considerably further down the line.

The cost of the plant was paid out of the general taxes, an appropriation of \$20,000 being made for the purpose. The larger part of the debt was met during the Schoenfeld administration and the remainder was paid when C. W. Widmayer was the mayor.

The present plan for light plant

Buy Garden Seeds In Bulk!

I sell D. M. Ferry's seeds exclusively in bulk. You can buy twice as much for your money as in package.

Onion Sets

The market is flooded with large sprout sets that you can buy at any old price. Mine are small in size, free from sprouts and trash, yet cheap in price:

White, quart - - - 12 1/2c

HAXBY

Bilious Headache

Caused by liver derangements which are cured by Dr. A. W. Chase's Kidney and Liver Pills

Headache is said to be the most useful pain in the world. It is a sort of fire alarm that warns you of something wrong with some organ of the body.

Most frequently the trouble is indigestion and torpid liver and the pain arises from the poisoned blood passing through the arteries of the brain and head.

There is no cure for bilious headache, torpid liver and indigestion that can be compared to Dr. A. W. Chase's Kidney and Liver Pills for prompt and certain results. This has been proven by so many thousands of letters published from time to time that everybody should know it by this time.

You won't be satisfied with mere temporary relief when you know your headache can be completely cured by using Dr. A. W. Chase's Kidney and Liver Pills. One pill a dose, 25 cts. a box, all dealers; or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

CUTICLAY Soap

you are missing a luxury

Put it on your list right now

It is so radically different from all other soaps to be had at any price, that it is well worth investigating—it is more than half Cuticlay, a natural healing, germ destroying powder taken from the earth in Mexico—it is both a delightful, fragrant toilet soap and a panacea for all skin irritations.

Makes unhealthy skins well—keeps healthy skins beautiful. 25 cents.

FOR SALE BY

Lee P. Allcott, Druggist.

The Cuticlay Co., Props., Chicago

Improvement calls for the issuance of bonds to the extent of \$30,000 for the new machinery and for an addition to the building. The equipment would include one new boiler, one generator to carry 300 arc lights and one engine. New lights of the enclosed arc type would replace the present arcs. The new lights would require much less attention than the old lights and it is estimated that two men could care for them instead of four, that number being now employed in the work. An enclosed arc light will burn for 100 hours, while the old type will burn but 14 hours. The proposed plant would of course present many other improvements over the present one and it is estimated that the life of the new machinery would be 25 years.

CALL IS ISSUED.

The Republicans of the Third ward are hereby requested to meet at Franklin school building Thursday night at 7:30 o'clock to nominate a candidate for member of the board of education.

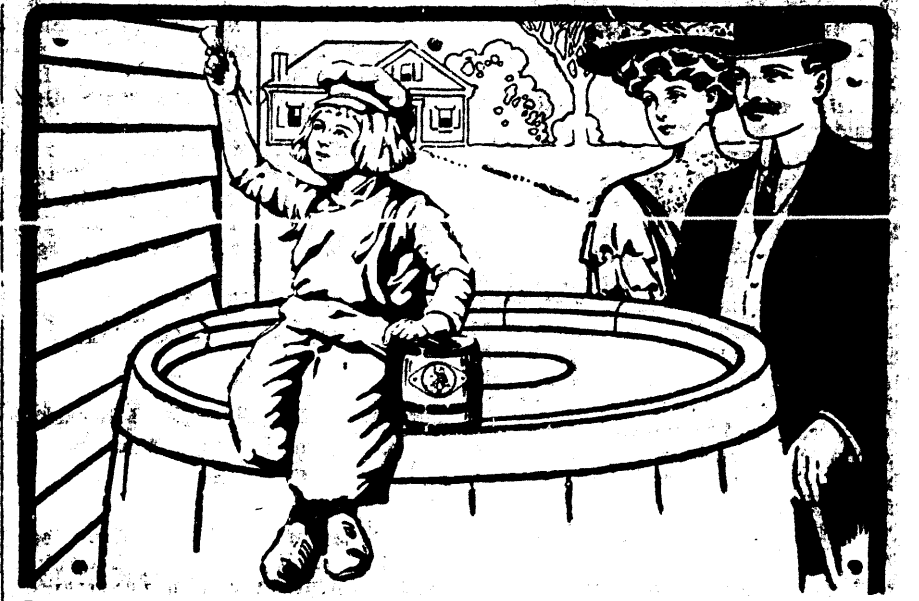

M. L. Hildreth,
L. H. Clampt,
George Sybrant,
Committeemen.

RECEPTION FOR WABASH OFFICIALS.

The officials of the Wabash railroad will arrive in the city this evening at 5 o'clock. They will be tendered a reception at the Elk's club rooms after supper. The members of the Business Men's association will serve on the reception committee. Every business man of Jacksonville is invited to the club rooms to meet the officials.

BIRTH RECORD.

Born Tuesday to Mr. and Mrs. Clark Senter, east of the city, a son.

Bakes—Roasts—Broils—Toasts

BAKES bread, pie and cake—bakes them perfectly all through, and browns them appetizingly.
ROASTS beef, poultry and game with a steady heat, which preserves the rich natural flavor.
BROILS steaks and chops—makes them tender and inviting.
TOASTS bread, muffins, crackers and cheese.

No drudgery of coal and ashes; no stooping to get at the oven; no smoke, no dust, no odor—just good cooking with greater fuel economy. Irons and water in wash-boiler always hot. The

New Perfection Oil Cook-stove

has a Cabinet Top with shelf for keeping plates and food hot. Drop shelves for the coffee pot or saucepans, and nicked towel racks. It has long turquoise-blue enamel chimneys. The nickel-finish, with the bright blue of the chimneys, makes the stove very attractive and invites cleanliness. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

CAUTIONARY NOTE: Be sure you get this stove—see that the name-plate reads "NEW PERFECTION." Every dealer everywhere; if not at yours, write for Descriptive Circular to the nearest agency of the

Standard Oil Company
(Incorporated)

CRYS-CO AND SHELL PRODUCER.
The Grit is essential to the health of the fowls and to economy in feeding. CRYS-CO takes the place of teeth in preparing the food for further digestion and is required for the proper digestion of feed in the gizzard. When the feed is not properly taken care of in this organ an undue strain is thrown on the fowl's system, often resulting in disease, and allowing much of the nutriment to pass through the bird's body without being absorbed. In every pen or yard a box of CRYS-CO should be kept. Recent investigators have asserted that CRYS-CO is a part of the necessary feed, giving the fowls strong bones and a bright plumage.

The Limer. Ordinarily the hen does not consume enough lime to form the shells of the eggs if she is lacking abundantly, unless something besides the ordinary grain feed is accessible to her. CRYS-CO, containing 99 per cent pure carbonate of lime, is very good for this purpose, increasing the laying power and acting as a tonic in replenishing the strength of the hen. A box of CRYS-CO may be placed before the fowls, allowing them to eat at will.

CRYS-CO may be procured from your grocer for \$1.00 per 100 lbs., or at the BROOK MILLS. A trial will convince you as it has other poultry men. Ask for free sample.

Julius Myers of Springfield was calling on the Jacksonville branch of the great clothing house yesterday and found things in good shape.

Mr. and Mrs. A. D. Brackett were expected back from Chicago last evening. Mr. Brackett had gone up to the great city for medical advice from Chicago doctors.

Have your clothes made to fit you; they cost no more than ready-made; you buy them from the JACKSONVILLE TAILORING COMPANY.

Stewart House, assistant cashier of the Manchester bank, was in the city yesterday visiting at the home of George H. Dunavan.

Henry Maul and wife have returned from a visit of a week with Mr. and Mrs. William Phillips in the vicinity of Clark's Chapel were in the city yesterday.

Mrs. Lloyd Miller and Mrs. F. H. Metcalf and Mrs. Dorothy Sargent were all representatives of Franklin in the city yesterday.

Mrs. N. J. Ford of Ashland, and daughter, Mrs. Spire of Beardstown were among the shoppers in the city yesterday.

Mrs. Thomas Heaton has returned from Peoria where she has been visiting relatives for the past few days.

Mr. and Mrs. Al Stewart were up from Franklin yesterday and each equanimity was not at all increased by missing the afternoon train home.

Mrs. Edward Ogle of Saint, N. D., was expected in the city last evening for a visit with her aunt, Mrs. Sarah Sheppard on North Kosciusko street.

For the past two or three weeks it has been hard to get enough raw cream to supply the demand, but today you can get all you need from Vickery & Merrigan's.

Mr. and Mrs. Howard Hodgson of Prentice spent yesterday with Mr. and Mrs. Thomas Harrison of this city.

F. N. Tallyn and Herman Tlach of the First National bank of Benson were among the Wednesday business visitors in the city.

F. G. Shannon, baggage man for the Chicago & Alton, has taken a three months leave of absence. While away his place will be filled by R. A. Rhodes of Delavan.

William Anderson and Edward Hopper have gone as delegates to the state assembly of horse shoers, which meets in Granite City. George Skinner is also attending the meeting.

Mr. and Mrs. John Lambert and daughter, May, have returned to this city after spending the winter in Los Angeles, Calif. Miss Ada Lambert remained to spend part of the summer with friends in Alhambra, Cal. They report a very enjoyable time and the meeting of many former Jacksonville friends.

George W. Tandy, who has been for a number of months a welcome guest at the home of his daughter, Mrs. Joseph Capps of this city, expected to leave today for Decatur to spend some time with his son, who lives there.

Mrs. C. B. Strawn will return to her home in Lincoln this morning. Mrs. C. C. Jeffries will accompany her as far as Springfield, where they will visit relatives and do some shopping.

C. C. Jeffries went to Pittsfield last night to begin drilling a class of eighteen pupils and to train the Pittsfield band of twenty-five members. Hereafter Mr. Jeffries will go over on the early train, teaching all day and evening, returning the following morning.

Frank E. Drury of Orleans was in the city yesterday. He says his mother is with her daughter, Mrs. George Lexington in the east and is now about well though she suffered for a long time from the effects of a bad fall which she sustained some months ago.

Miss Jennie Grassly has recently received from an acquaintance whom she made at Damascus three years ago, three very rare and ancient coins dug up during some excavations at Beyrout, Syria. They are so old it is difficult to tell when they were coined but on one of them the word "Constantinus" is barely decipherable. She naturally values them quite highly as they are choice and rare.

Mrs. Nevill, wife of Dr. Nevill of Mercedosa, and herself a worthy member of the medical profession, was in the city yesterday on her way home from Murrayville, where she attended the W. C. T. U. convention and had an important part in the proceedings.

Among the Murrayville visitors in the city yesterday were James Myers, Dr. W. A. Wesner, J. C. Richards, Mr. and Mrs. J. L. Wyatt, Miss Edna Ramsey, Alexander Mutch, Samuel Hodson, Dr. J. K. Elder, Samuel Ramsey, John Mutch, E. A. Whitlock.

S NAMED FOR PROFESSORSHIP

Dr. C. E. Carter Will Go to Miami University the Coming Year—Appointment a Distinct Honor.

Announcement has just been made that Dr. C. E. Carter of the faculty of Illinois college, has been appointed to a full professorship in the faculty of Miami university at Oxford, Ohio, and will enter upon his work there next fall. It is understood that Dr. Carter accepted the position as the choice of three which were offered to him, but when asked with reference to this fact last night he declined to make any statement.

The appointment to the post at Miami comes as marked recognition of his ability and the exceptional record he has made in the past few years. Miami is a university with a thousand pupils and is one of the oldest in the west. In point of equipment it is thoroughly abreast of the times as it has liberal state support.

While the going of Dr. Carter will be a distinct loss to Illinois college there is some recompense in the fact that an alumnus of the college is being thus honored. Dr. Carter graduated from Illinois college in 1905 and subsequently did graduate work in history at Wisconsin university and the University of Illinois. Later he spent some time in England in research work. In the fall of 1908 he came to Illinois college as an instructor and this year is serving as an assistant professor. Dr. Carter is an indefatigable worker and has unbounded enthusiasm along the line of all history work. He has for some time been at work as a collaborator for a volume for the Illinois State Historical collection and next month a book from his pen will be published by the American Historical association. The theme of the book is "Great Britain and the Illinois country 1763 to 1774." The many friends of Dr. Carter, who is a Morgan county as well as an Illinois college product, will sincerely regret to know that he is to leave, but at the same time can not refrain from offering congratulations upon the deserved compliment upon his work which has come to him by the Miami appointment.

A Hoosier Kitchen Cabinet \$1.00 down and a dollar a week this week only. Johnson, Hackett & Guthrie.

PROFITABLE PORKERS.
John P. Hogg, residing in the west part of the county, has recently marketed 51 hogs which averaged 290 lbs. and 11 months old. Some of them were farrowed the latter part of June and all were Poland China breed. He fed them lightly until about Christmas when he began to give them all the corn they would eat and good water to drink and that is all. Much of the feed was snook corn which gave the hogs something to do in getting at it and the fodder made them beds. It says he is able to get as good results as he obtained some years ago when he made fat hogs 341 lbs. at the same age and he attributes the fact to weakening of the breed as he says he is unable to find boars now as good as they used to be though thoroughbred.

The 51 hogs brought the neat sum of \$1,552.95.

WHY SALVES FAIL TO CURE ECZEMA.
Scientists are now agreed that the eczema germs are lodged not in the outer skin or epidermis, but in the inner skin. Hence, a penetrating liquid is required, not an outward salve that clogs the pores.

We recommend to all eczema patients the standard prescription Oil of Wintergreen as compounded in liquid form known as D. D. D. Prescription. A trial bottle of this D. D. D. Prescription, at only 25 cents, will instantly relieve the itch. We have sold and recommended this remedy for years, and know of wonderful cures from its use. We recommend it to our patrons. Lee P. Allcott.

CONCRETE.
Attention is called to the adv. of Ous Hoffman, contractor in all kinds of concrete work. Mr. Hoffman has had long experience and is a first class man in his line. He has many jobs in this vicinity which are a credit to him and many persons to whom he can refer.

REFRESHMENT PRIVILEGES.
Bids for the refreshment privileges at Nichols park for the year 1910 are invited up to 12 m. April 16th. For full information call on William Newman, secretary.

Hoosier Kitchen Cabinet sale all this week. Johnson, Hackett & Guthrie.

WITH SICK PEOPLE.
Mrs. E. E. Kinney, residing on South Prairie street, is quite ill.

Miss Mary Hawks of the force at Blackburn-Poreth popular dry goods store, is among the sick.

John D. Rockefeller would go broke if he should spend his entire income trying to prepare a better medicine than Chamberlain's Colic, Cholera and Diarrhoea Remedy for diarrhoea, dysentery or bowel complaints. It is simply impossible, and so says every one that has used it. Sold by all dealers.

BASEBALL BREVITIES

In Practice Games.

Manager O'Dea and his Superior bunch made the most of the pleasant sunshine of yesterday afternoon and took a fast work out on the diamond at the State School for the Deaf. Those of the fans who happened to stroll out that way saw a decidedly classy set of ball tossers. Mr. O'Dea is an old hand at the game and has signed up a clever aggregation. This afternoon they will engage Coach Harrell's Illinois college team on the campus and tomorrow Coach Holderby and his boys will try conclusions with the professionals. Among the Superior players is William Donovan, a brother of the famous Larry Donovan of the old Vincennes team of the Kitty league. He showed up in good form yesterday. They have some likely youngsters and it would repay those of the fans who are baseball hungry to go out today and tomorrow and watch them work out.

Up in Freeport.

(Freeport Standard)
"Baseball headquarters were besieged today with applications from young and energetic ball players who are desirous of getting a tryout on the local team. Eighteen applications were received and many of them were assigned to the waste basket without any action being taken upon them.

"Manager Boyle of the Waterloo team has written here asking the management which outfielder we want, as between Riggs and Murray, Waterloo is anxious to keep one of them.

"Pitcher A. E. Case last year with the Sioux City team of the Western league, has written here for a position upon the local staff.

"Pitcher Hamilton, of the Hannibal, Mo. team, has recommended Pitcher Dull, a youngster whom Hamilton states would be a good man for the Freeport team.

"Up to date Freeport has seventeen players signed for a tryout the coming season. They include youngsters and experienced men who will give Freeport a grand team for the coming season."

I-M League Without Schedule.

The members of the Illinois-Missouri league met in Chicago for the purpose of fixing up a schedule for the season, but no agreement could be reached. Clinton representatives made the greatest kick, claiming that they did not have enough games away from home.

Mrs. R. C. Reynolds underwent a serious operation at one of the hospitals yesterday. Last night her condition was accounted as satisfactory.

ST. STEPHEN'S SEMI-CENTENNIAL.

New York, April 6.—Old Trinity church was the scene this afternoon of a notable gathering of educators, churchmen and others who assembled to celebrate the semi-centennial of St. Stephen's College, at Annandale-on-Hudson. The college was chartered in 1860, though it had been started some years previously as a small training class in the rectory of the Church of the Holy Innocents, at Annandale. It is said that about one twentieth of all the communicants of the Protestant Episcopal Church in the United States are under the pastoral care of alumni and former students of St. Stephens.

WILL NOT BAR COLORED ATHLETE

Pittsfield Student Who Was Not Permitted to Enter High School Meet Here Will Participate in Tri-State Contest at Keokuk.

According to a ruling of the Western High School league no student can participate in an annual track meet but four years. When the meet was held here last year, Lewis, the colored student from Pittsfield, was barred on account of having previously been in four contests. He is one of the best athletes that the league has had for some time and the decision on his case was quite a blow to the Pittsfield school. On May 7 there is to be a tri-state meeting at Keokuk, Ia., and at that time Lewis will not be barred, according to the following story from the Gate City:

"Lewis, the crack colored athlete of the Pittsfield high school, has been barred from competing in the Western Illinois track meet which will be held in Jacksonville, but it was announced today from Keokuk high school headquarters that the action of the Illinois management would have no effect upon his entrance in the annual tri-state meet to be held here on May 7.

"The Keokuk management has found nothing against the colored track star and in a letter it was learned that he has been barred from competing at Jacksonville for the reason that he took part in a track meet while in the eighth grade of the public schools of Pittsfield.

"Lewis won ten points in the second annual tri-state meet held in Keokuk last year, finishing first in the hundred-yard dash and first in the running broad jump. In the latter event he is a star, being holder of the Illinois high school state record, made several years ago. The mark is not far from twenty-three feet, but he fell far short of it in the event here last year.

"Lewis will take part again this year and from reports received here he is faster than ever. Should Pittsfield be able to send two or three other sturdy athletes to the meet the school would make a strong showing."

PISCATAWAY PRESBYTERIAN CHURCH—ORLEANS.

The Sabbath school elected officers April 3: Mrs. W. T. Scott, superintendent; Mr. J. T. Holmes, assistant superintendent; Miss Violet Davis, secretary and treasurer; Mr. T. Stevenson, chorister; Miss Blanche Cunningham, organist; Mrs. Welborn, assistant organist. In the public service the following were installed for three years: Mrs. J. T. Holmes, ruling elder, and Mr. James Dobyns, deacon. In the session meeting after the service, Mr. J. Stevenson was elected delegate to represent the church in the Presbytery meeting at Mason City, April 12 and 13.

The church reports this year seven additions on profession and six by certificate and \$282 for benevolence.

Announcements for April 10: Sabbath school, 10 a. m. Subject, Mt. 10:1-15. The Mission of the Teller. Preaching service, 11 a. m. Subject, A Winning Faith and a Conquering Church. Special music. The choir meeting Friday evening at Mr. Henry Welborn's.

Norbury W. Thornton, Pastor.

R. L. Goncalves, who has the contract for the erection of an elevator in Roodhouse, was there Wednesday in the interest of the building.

FAKE RACER ARRESTED.

Hot Springs, Ark., April 6.—G. F. Ryan was arrested at Hot Springs yesterday as a member of the alleged Mabray fake race combination. He gave bond in the federal court to day in \$1,000 for appearance at Council Bluffs next September.

Oscar Harmon was among the Franklin visitors in the city yesterday.

ANNOUNCEMENTS.

Board of Education.
I hereby announce myself a candidate for member of the board of education in the fourth ward, on the Republican ticket.

George S. Rogerson.

LIGHTNING STRIKES ASYLUM.

Panic at Bartonville, But None of the Inmates Were Injured.

Bartonville, April 5.—Fire caused by a bolt of lightning destroyed the great store building at the Bartonville asylum at three o'clock this morning. 150 patients who were asleep in the third floor of the building being saved by the coolness and efficiency of the asylum fire brigade.

It was the wildest night in the history of the big institution and when day finally dawned revealing the fact that almost by a miracle all were not only saved but not a single person had been injured, the thankfulness and relief of those in authority were almost beyond words.

W. E. Kemp was in the city yesterday from Norronville.

Abe Attell will box Herlem Tommy Murphy in New York April 22.

Call or phone Ill. 449 and our agent will be pleased to call at your residence and explain our liberal and easy payment plan.

Money Loaned on Watches, Diamonds and Jewelry

Our office is located at 260 E. Court St., Grand Opera House block.

Durability means dollars saved

Can you imagine how the man with his hands in his pockets and the sad face feels? Where are the dollars he thought he was saving when he bought that cheap Plow?

Every dollar you pay for durability in farm implements means dollars saved. The railroad charges as much per hundred pounds to bring you a cheap Plow as to bring you a good one; so does the implement man for handling; so does the factory for actual hours of unskilled labor. Really, the only things on which you save when you buy cheap farm machinery are on the lower grade materials used and the things that can be left undone in the making, which if done would improve the quality.

The most important machine on the farm is the Plow. It prepares the seed bed. Don't buy a cheap Plow and wear a sad face. Come in and see for yourself the reason why the Emerson Foot Lift Plow is more durable than any other. A few minutes of your time now may mean a good many dollars saved before the year rolls round.

APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old. In these days of strenuous competition it is necessary to maintain, as long as possible, one's youthful appearance.

It is impossible to do this without retaining a luxuriant growth of hair. The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use.

Herpicide makes an elegant hair dressing as well as Dandruff cure.

Accept no substitute—there is none.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

DANVILLE RIOTS INJURE SIX

Brewery Agent Starts Row By
Slugging Challenger in Illinois
Election.

Danville, April 6.—Six men were hurt in riots which occurred in Danville yesterday at the polls during the local option election, and for a time matters were of such a threatening nature that, believing there would be certain bloodshed between the "wet" and "dry" factions, Evangelist Billy Sunday, who has been holding a series of revivals here, wired Gov. Deneen a request that he order out the local company of militia. This request was, however, later countermanded, but not until County Judge Allen, after a conference with the clergy, also wired for assistance.

The injured were:

S. Murray Clark, former county judge, bruised about the face.

Newt Shields, contractor, badly bruised and clothing stripped from body.

Hiram Watson, real estate dealer, Marshall Wilson of Grape Creek.

Frank Fordig.

Earl Spickard, bruised while in mob.

The scene of the rioting centered around the precinct at Grape Creek in the southwestern portion of the township, and started when Judge Clark, armed with credentials as a prohibition challenger, attempted to enter the polling place. He was promptly knocked down by Oscar Cravens, agent for the Terre Haute Brewing Co. and later thrown outside the lines. The blow almost rendered Judge Clark unconscious.

A warrant was issued for the arrest of Cravens, and he was put under bond of \$2,000, which he furnished, and was released.

Immediately upon hearing of the battle Sheriff Helmick swore in fifty deputies, and leading them into automobiles hurried them to the scene of the disturbance. Before the deputations arrived another riot had broken out. This started when Newt Shields attempted to photograph a voter as he entered the polls. Shields was set upon by the angry mob, and his clothing literally torn from his body. He was badly beaten and his camera was smashed to splinters. Other fights followed in rapid succession and many arrests were made.

Hearing of the disturbances, Evangelist Billy Sunday telephoned Springfield asking that the militia companies of Danville be ordered to Grape Creek to preserve order. At Springfield it was stated that Gov. Deneen was in Chicago. An effort was then made by the evangelist to get Lieut. Gov. Oglesby and have the troops ordered out. Capt. Swain, in the meantime being informed of the calls for aid, held himself in readiness for immediate service, making preparations to get the majority of his company in motion within a quarter of an hour.

A courier in a speedy automobile was dispatched to Grape Creek and shortly afterward he telephoned the evangelist that Sheriff Helmick and his deputies had the situation well in hand.

POINTS REGARDING THE CENSUS

The census begins April 15 and must be completed in thirty days.

The enumerators will wear a badge inscribed "United Census, 1910."

The law requires every adult person to furnish the prescribed information, but also provides that it shall be treated confidentially, so that no injury can come to any person from answering the questions.

The census bureau prior to April 15, will distribute to every farm owner and tenant in this state a blank or schedule containing the census questions relative to farm operations and equipment. This should be filled up, if possible, not later than the morning of April 15, but if anyone has been unable to fill it up by that time he should do it as soon afterwards as he can.

People who do not speak English or who do not understand the schedule should get help from others, if possible in filling it up.

The president has issued a proclamation calling on all citizens to cooperate with the census and assuring them that it has nothing to do with taxation, army or jury service, compulsory school attendance, regulation of immigration, or enforcement of any law, and that no one can be injured by answering the inquiries.

It is of the utmost importance that the farm census of this state be complete and correct.

Therefore every farm owner and tenant should promptly, fully, and accurately fill up the "Advance Farm Schedule" and carefully preserve it for the enumerator when he calls.

SOUTHERN PACIFIC BOND ISSUE

Louisville, Ky., April 6.—At a special meeting of the stockholders of the Southern Pacific company held today at Beechmont authorization was given for the proposed new bond issue, not to exceed \$50,000,000. It is understood that the proceeds of the bond issue will be used to reimburse the Southern Pacific treasury for the expenditures on the terminal properties in San Francisco and adjacent territory.

Earl Abernathy of Concord was transacting business in the city yesterday.

DESERTS 3 FIANCEES AT ALTAR IN 3 YEARS

Plus Fahrner Disappears and Third
Wedding Party Gathered to See
Him Married is Disbanded.

Joliet, April 6.—Yesterday for the third time in as many years, Plus Fahrner, son of Dr. John Fahrner, a specialist of international reputation, deserted at the altar a woman whom he had promised to marry.

His last victim, Miss Katherine Frances O'Leary, daughter of an official of the Chicago & Alton railroad, had donned her wedding gown, the guests were gathered in St. Patrick's church and the Rev. Dean Dunne was impatiently waiting for the bridal party when word was sent that the wedding would have to be indefinitely postponed, as the prospective bridegroom had failed to appear.

Knowing his record of desertions, the family of the girl made no effort to locate the young man. The wedding was announced in the local newspapers after the priest of the parish had refused to marry the couple on St. Patrick's day without first calling the banns.

The banns had been called and although the almost bride was somewhat anxious she felt fairly sure of a spouse.

ILLINOIS GAME NOTES.

Various Facts About Birds, Fish and Laws Regarding Hunting Season.

A large fish seine was taken out of the river near Kankakee last week and the officers are busy engaged trying to locate the owner. It is said that the illegal fishing device belongs to two Momence men, but it is needless to say that the owner has made no claim for it at the sheriff's office.

Arrested for Seining.

Harry Scott and William Modler have been arrested at Sterling, the complaint against them being that they have been seining in Rock river in violation of the law. It is said that there is much illegal fishing in Rock river and the fish warden is busy engaged in attempting to bring the guilty parties to justice.

Was a Costly Duck.

Two Greeks, Tony Stamatis and Gust Zafas, two workmen on the Rock Island railroad at Bureau, are serving ten days' time in the Bureau county jail for hunting ducks after sundown. They were not familiar with the law and after killing one duck, were captured by the game warden and fined \$28.58 each, which they decided to work out in jail.

Prairie Wolves Kill Sheep.

Prairie wolves have been making a feast of sheep belonging to the farmers in the Lima district, Adams county. Some of the farmers have suffered losses aggregating hundreds of dollars. The wolves travel in packs and crossed the river when it was frozen and are now unable to get back to their haunts in Missouri.

Killed Robins for Food.

Two Italians of Joliet were caught in the act of killing robins for food Monday morning. It is said that the high prices of meat have driven many of the foreigners to killing robins and meadow larks and that they kill a whole bag of the birds in order to get enough for a meal. Last spring some of these men robbed birds' nests and boiled the eggs for food.

Killed Mammoth Goose.

Gay Smith, living in Orange township, Knox county, killed a wild goose last Thursday that weighed more than twelve pounds.

Deputy Fish Wardens Appointed.

Governor Deneen has appointed John Reiss, of Portland, deputy fish warden for LaSalle county, and P. H. Trahand, of East St. Louis, deputy fish warden of St. Clair county.

Deer in Sangamon Timber.

Recently a wolf was shot on Salt creek and now two wild deer are browsing in the Sangamon river timber. The animals have been seen by a number of farmers in the vicinity and it is supposed they are the same deer that escaped from a deer park at Indian Point over a year ago.

Watching Pheasant Hunters.

Deputy game wardens are hot on the trail of a number of poachers who have been attempting to snare and trap a number of Japanese pheasants, which were turned loose this spring by Senator John Daily of Peoria. It is also said that small boys are trying to shoot the birds. It is probable that prosecutions will follow in the near future.

BLACK ACQUITTED

BY WHITE JURY.

Chicago, April 6.—Jack Johnson was not granted his request for two negroes on the jury that heard the testimony in his trial for automobile speeding yesterday before Judge Sevel in the municipal court, but the twelve Caucasians who sat in judgment proved satisfactory to the pugilist by promptly returning a verdict of not guilty.

"They saved me the trouble of going to the supreme court with the case," said Johnson. "I am not going to have the police put it all over me all the time just because I'm a well known man. If I ran around and got drunk and gambled, the cops ought to pinch me, but I'm a good family man and behave myself. If everyone was like me, it would be a good world."

NOW SAY 2,000 PHARMACISTS

State Meeting at Decatur, June 14-17
Is Getting Constantly Bigger.

Decatur, April 6.—From all appearances and from reports brought in by traveling drug men in all parts of the state, Decatur will entertain one of the largest crowds of visitors it has ever had, when the Illinois State Pharmaceutical association and the Illinois State Pharmaceutical Travelers' association get together on June 14, 15, 16 and 17. The number of people who say they will come is so large that the officials here are surprised. They are sure the convention is to be the biggest and best ever held. At present the brotherly feeling that always exists among men of this trade is at its highest. All are enthusiastic and say they want to see each other at the big noise in Decatur.

The local members of the entertainment committee at first estimated that 1,500 people would come but now they say 2,000 any way, and maybe more. Special trains from several directions are reported, and the committee now has to get busy and secure suitable accommodations for the many visitors. The local members of the committee are F. W. Dudley, state president of the Pharmaceutical Travelers, M. L. Burhans, chairman, Ralph E. Dorland, local secretary, Frank J. Hoey of Chicago, secretary-treasurer of the travelers, is looking after the arrangements from that end of the state.

The three local men met Saturday afternoon in the St. Nicholas hotel and mapped out a program of amusement that guarantees the success of the meetings and that will make every minute of the four days. On numerous occasions during the four days and at nearly all of the events, there will be band or orchestra music and several surprises to be sprung. Street cars and everything else will be free to visitors entitled to the privileges. Season tickets, numbered for the events, and car tickets will be supplied to all who are entitled to them.

A program is outlined for the four days as follows:

Tuesday night—Grand reception.

Wednesday afternoon—Automobile ride for the women. Probably fifty autos.

Wednesday night—"Drugged Vaudeville" at the Blou. The associations have secured the theatre for this night and talent from their own members will put on stunts. Several of the most aggressive drug centers have promised numbers.

Thursday afternoon—Card party for the women. Traveling men's parade in character costume.

Thursday night—Exclusive use of Dreamland park and its concessions. Big dance in the pavilion.

Friday—All day outdoor picnic, barbecue and athletic meet with prizes to be awarded.

Business meetings will be held on the first three days but will not interfere with the entertainment end. The halls for the meetings will be secured later.

SNELL NOW IN CHARGE.

Son Is Administrator of Estate of
Father Whose Will Was Broken.

Clinton, April 6.—Richard Snell, who was recently successful under the ruling of the Illinois supreme court, in contesting the will of his father, Col. Thomas Snell, the DeWitt county millionaire, was this morning appointed administrator of the estate by Judge Fred C. Hill in the DeWitt county court.

He succeeds Lincoln H. Weldon, of Bloomington, executor under the will and bond was fixed at \$120,000. The realty holdings of the estate are estimated at \$2,000,000 and the personal property \$60,000.

Much interest now attaches to the suit brought by Richard Snell to wrest from Mabelle Snell-McNamara of Kansas City, protégée of the eccentric man, grant to valuable property in DeWitt county, which was signed only a short time before the death of Colonel Snell.

The suit will be up for hearing at the June term of the DeWitt county circuit court, and promises to develop sensational details of the relations of Colonel Snell and his reputed grandniece.

John Baxter has been chosen to represent the Woodson Presbyterian church at the Presbytery to be held in Mason City, April 12.

Farms Right at Home

1629—350 acres. This is one of the choicest corn and wide open prairie farms in this country. Well improved and tilled and in good condition. Within 10 miles of Jacksonville and near to two other good stations. Excellent roads to all towns and in very rich section of the country.

1655—160 acres. A very choice corn farm and less than 6 miles of Jacksonville. Unexcelled facilities for marketing. Within 2 miles of a good station.

1646—160 acres at \$145. A choice and tilled prairie farm and fairly well improved. Near Modesto.

1638—120 acres at \$100. A cleared farm right close to Murrayville; well improved and in good condition. Good and money making stock farm 1632—160 acres at \$115. 7 miles sw. of Jacksonville; 4 miles of Woodson. A cleared farm, but with scattering timber; 90 acres smooth land; 40 to 50 acres of rough land. The farm is well improved and in good condition. The level land is tilled.

1539—200 acres. There is no better farm between Jacksonville and Springfield. An average of 80 bushels of corn continuously. Well improved and well tilled and the farm is in excellent condition. Only a very few miles from Jacksonville and half mile to good station.

1659—122 acres at \$135, of which 80 acres is good corn land. Well improved. Right close to Murrayville.

1503—456 acres at \$75. In Morgan county. Well improved and a good stock farm. 8 miles to a station. A profitable farm. Plenty of level land and considerable rough land.

1617—65 acres at \$70—A roughish farm, but is well improved; 5 miles of Waverly and 4 miles of Franklin.

1577—120 acres at \$75—Only 2 miles of Virginia.

1546—138 acres at \$65. Less than 4 miles of Murrayville.

1644—200 acres at \$130, of which 160 is choice prairie and the farm is well improved. 40 acres in old pasture, 3 miles of Girard and 2 miles of Nilwood, and Interurban which leaves hourly for St. Louis and Springfield and one of these days for Jacksonville. Coal, which is worth \$20, not sold.

1642—75 acres near to Franklin at \$80.

1587—273 acres at \$80, a most excellent farm for this price. First rate barn and a good small house and other good improvements. Being well tilled. 100 acres for corn for 1910. In Morgan and Greene counties.

1582—145 acres at \$175 acre. A very choice and all wide open prairie farm and most thoroughly tilled with 3,000 rods of tile. Well improved. 7 miles from Waverly, 2 miles of Rohrer station.

1620—160 acres at \$130. An excellent farm and 120 acres of good corn and plow land. 20 acres of this farm is very choice and well tilled prairie. Several acres of choice timber at the east end of the farm. This is a very attractive farm. In Morgan county and five miles of a good town and station. Improved. Well fenced.

Also I have hundreds of other good or desirable farms—not in this list—for sale to any good buyer.

1616—100 acres at \$115, of which 50 acres is black land, 85 acres of it is plowland, 15 acres being the uneven land at the barn, is in wooded pasture; 65 acres at the house is fairly level; 15 acres in corn that is good for 75 bus. per acre. Good fencing and improvements, 5 miles from good R. R. town in this county.

1612—100 acres; a cleared farm, except 6 acres in timber. 70 acres plow land, 5 room house, new barn for 6 horses with shed and crib, 1 1/4 miles from good railroad town in this county. Price, \$80.

1594—A section (640 a) prairie and tilled. Two sets of improvements at \$135; 16 miles of Springfield, Ill.

883—11 acres for \$4,000; improved; 1/4 mile of Jacksonville.

1479—284 acres in blue grass pasture for many years, \$60; 10 miles of Jacksonville, 6 miles of Winchester.

These are only a few of the many farms that I have for sale. Therefore please call on or write to

S.S.S. CURES BLOOD HUMORS

The skin is provided with countless pores and glands, through which an evaporation is going on continually, day and night. This is Nature's method of regulating the temperature of our bodies, and preserving the natural appearance of the skin. These pores and glands are connected with tiny veins and arteries through which they receive from the blood the necessary nourishment and strength to preserve their healthy condition.

Just as long as the blood remains pure the skin will be free from eruptions, but when the blood becomes affected with acids and humors its nourishing and healthful properties are lost, and its acid, humor-laden condition causes inflammation of the delicate tissues and fibres of the pores and glands, and the effect is shown in Eczema, Tetter, Salt Rheum, Pimples, Rash, etc.

The humors and acids get into the blood through a deranged and inactive condition of the system. Those members whose duty it is to collect and expel the refuse matters of the body fail to properly do their work, and a surplus amount of waste matter is left in the system to sour and ferment and be absorbed into the blood. Salves, washes, lotions, etc., are valuable only for what ability they possess to keep the skin clean, allay itching and temporarily reduce inflammation. They cannot cure skin trouble because they do not reach the blood.

S. S. S. cures Skin Diseases of every character and kind because it is the greatest of all blood purifiers. It goes into the circulation and REMOVES the acids and humors that are causing the trouble, builds up the weak, acid blood and completely cures Eczema, Acne, Tetter, Salt Rheum, Pimples, Rash, and every variety of skin eruption and affection. When S. S. S. has driven out the humors and acids from the blood, every symptom passes away, the skin is nourished with rich, healthful blood, the tissues are relieved of all inflammation, natural evaporation again takes place and the skin becomes soft and smooth and perfect. Book on Skin Diseases sent free.

ECZEMA 12 YEARS. S. S. S. CURED HER.
Dear Sirs:—I suffered with a bad case of Eczema for over 12 years, and I tried everything I heard of, and had many medicines prescribed by doctors. I spent considerable money and my husband spared no expense to cure me of the disease. Nothing helped me until I began to use S. S. S. I commenced this medicine and the Eczema soon began to gradually disappear. I continued taking S. S. S., and it completely cured the disease. Mrs. Chas. Gill.
50 Clinton St., Newark, N. J.

Acne, Tetter, Salt Rheum, Pimples, Rash, and every variety of skin eruption and affection. When S. S. All Kinds of First Class Plumbing. Both Phones 118

KNOLLENBURG BUILDING

A SCENE OF ACTIVITY

The Second Floor a Mecca for Many
—The Sick and Afflicted Come to
Consult the Bio-Kemic Doctors—
—An Interesting Letter Lately
Received.

The report given in these columns of the new enterprise in Jacksonville, the Bio-Kemic Doctors, has surely spread far and wide. Many sick and discouraged people have called at their offices on the second floor of the Knollenburg building and have gone away again happy and smiling in the assurance that they could be cured.

Unfortunately not all the callers could be given this joyful information. Some were found whom the Bio-Kemic Doctors could not assure of a cure by their combined methods and these cases refused for treatment. These doctors use the greatest care in selecting cases and no one thought to be incurable is treated by them. The physician in charge reports that a number of out of town people called, showing that the Jacksonville enterprise is appreciated and patronized beyond the bounds of the city.

The Bio-Kemic Doctors want it understood that it is impossible for them to make sick calls. Their entire time and attention is taken up by the treatment of chronic diseases in their offices. This is their field and specially to which they devote themselves entirely. There are plenty of able physicians in general practice in Jacksonville to attend cases of acute illness at the homes of the patients. This is the field of the general practitioner upon whose work the Bio-Kemic Doctors have no wish nor desire to intrude.

The physician in charge is contemplating purchasing a home in Jacksonville at the end of the school year. All the doctors are charmed with the beauty of Jacksonville's location and progressiveness of the town and express themselves in warmest terms of praise.

For a short time the Bio-Kemic Doctors will make no charge for examinations, no matter how difficult or searching. Their advice as to the nature of the diseases and the necessary treatment is also free. A nominal charge is made for medicines.

The offices of the Bio-Kemic Doctors are at 74 public square, the Knollenburg building, where they have the entire second floor. The entrance is at the East State street end of the building.

The Bio-Kemic Doctors treat and cure all curable cases by their combined and advanced methods—all curable diseases of men and women; such as diseases of the Nerves, Blood, Skin, Heart, Liver, Stomach, Kidneys, Rheumatism, Paralysis, Neuralgia, Catarrh, Epilepsy, Loss of Nerve Force, Constipation, Indigestion, Weak Back, Bloating, Dropsy, Blood Poisoning, Eczema and Diseases of Women and Diseases of Men.

The Bio-Kemic Doctors are in their offices from 9 a. m. to 5 p. m. every day except Sunday. On Tuesdays, Thursdays and Saturdays they keep office hours from 7 to 8 p. m. Sundays the offices are closed at 1 p. m. One of the many interesting letters received lately.

ILLINOIS STOCK EXCHANGE

In Charge of B. & M. Levin's Bankrupt Stock
13 West Side Square, Jacksonville, Ill.

Remember

You will seldom be offered such high grade merchandise at such bargain prices. Don't take our say so, but come in Thursday and see so. Sale starts promptly at 9 a. m. Thursday, April 7th.

Thursday, it was in honor of Mrs. Isreal's birthday and an enjoyable day was reported.

Miss Lucy Landon was a Jacksonville visitor Monday.

CHAPIN.

Mr. and Mrs. L. E. Woodward of Springfield spent the day Sunday with Mr. and Mrs. A. B. Howell.

Mrs. Jennie Phay from Denver, Colo., spent Friday with her friend, Mrs. W. Woodward.

The C. W. B. M. held their regular monthly meeting at the home of Mrs. Joann Griffin Wednesday.

The Aid society of the Christian church will spend the day Thursday with Mrs. T. L. Read.

Mr. and Mrs. T. L. Read and Mrs. John Griffin were shopping in Jacksonville last Friday.

We understand that Mrs. G. W. Briggs of St. Louis but formerly of

Chapin has purchased property here and will soon remove to Chapin.

Mr. and Mrs. Cleon McConnell of Concord spent Sunday with Mr. and Mrs. Frank Smith.

Mr. and Mrs. Ralph Holiday of Springfield spent the day Sunday with Mr. and Mrs. J. B. Holiday.

Charles Smith of Springfield Sunday with his parents, Mr. and Mrs. Daniel Smith.

The village primary was held on Monday night and candidates were nominated for village officers on the Independent ticket as follows: For trustees for 2 years, B. A. Cratz, John Griffin and L. P. McKinney; for clerk, E. F. Attobue.

CONCORD.

Rev. A. A. White, district superintendent, held the third quarterly conference in the M. E. church April 1, at 2 o'clock p. m. After the usual

business meeting, Rev. Sheridan Phillips, pastor presented his resignation of this charge, the same to transpire May 8, as owing to his health he will go to California to make their home. Rev. Phillips is an able, earnest worker in his Master's vineyard and has many friends both parishioners and others, here who deeply regret the necessity of the change but wish for their health and prosperity in their new home.

Frank Willard of Mackenzie, N. D., came home Sunday on a visit to his parents, Mr. and Mrs. E. J. Willard, but says he intends to return in a short time as the climate is beneficial to his health and he certainly looks better than when he left here last summer.

Mrs. Fred Ginder returned last Tuesday from an extended sojourn in the southwest for her health.

J. M. Hamm, the veteran mail carrier is quite indisposed, having bronchial pneumonia. Dr. Swope thought he was a better Monday morning and all wish a speedy recovery.

Mrs. Harvey Hailey purchased Cass Blimling's property, gaining possession Oct. 1st, 1910. Mr. Blimling is to build a new house on the lot adjoining the one just disposed of, to move this week into the new home purchased of John Wells which is nearly ready for occupancy and when completed will be a nice, neat home and quite an addition to Concord in every way.

Miss Minnie Guyer, bookkeeper and stenographer at the Winchester bank, visited several days last week in Jacksonville.

Dr. Robert Henley, wife and son Claude were welcome visitors at her parents' home Sunday. Dr. Henley is a veterinary surgeon of skill and ability and those in need of such

services will be wise in securing his assistance.

Mrs. Phillips and daughter, Mrs. Graham from near Mattoon, Ill., are visiting Rev. Sheridan Phillips, they being his mother and sister respectively.

Miss Flora Filson is again the victim of a serious indisposition but was improving Monday afternoon.

Alva Rexroat, our energetic stock dealer, slipped 90 head of fine hogs to St. Louis Monday afternoon.

Mrs. S. W. Caldwell and son, Glenn drove to Jacksonville last Tuesday morning to interview the merchants and to transact other business.

Miss Helen Pratt visited several days last week in Jacksonville.

Little Miss Sara Delrick returned Monday from a visit to Jacksonville.

Mr. and Mrs. James Rexroat, substantial citizens of Concord were Jacksonville shoppers Saturday.

WHY?

Why not investigate the Canada land proposition? Thousands of people with good judgment pronounce it a "snap."

F. C. CARRIEL

Room 3 Farrell Bank Bldg.

BLUFFS.

Mr. and Mrs. Frank Straub spent Sunday in Easton, Ill., with relatives. Mr. and Mrs. A. J. Green, baby son Melvin and Florence Coleman, went to Chapin Saturday evening for a visit with Mrs. Green's parents, Mr. and Mrs. Fox.

Mrs. I. Eaton was called to Bluffs Friday on account of the illness of her daughter, Mrs. Chas. Van Gundy.

Miss Kathryn Bradbury of Perry visited the Misses Halpin Saturday, returning Sunday to Chambersburg where she teaches school.

Mrs. Mary Whipple of Meredosia spent Saturday in Bluffs with her sister, Mrs. Chas. Oakes.

Frank Halpin of Springfield spent Saturday and Sunday in Bluffs with his parents.

Quite a crowd of Naples' folks came out to Bluffs Thursday to attend the Easter bazaar given by the ladies of the M. E. church. The decorations were very pretty and the supper served was fine.

The high school play called "The Merchant of Venice," that was given Friday evening, Feb. 18, was quite successful. The proceeds were \$13.83. It was deposited in the bank in the name of school fund and it is to be used for school supplies.

Miss Irene Bennett of Clayton spent Saturday and Sunday with home folks.

Charles Augustine who has been quite sick for the past two weeks is reported no better.

J. C. Lewis, daughter, Mrs. Ray Griswold, granddaughter, Dorothy Caldwell and niece Margaret Tague, returned Sunday evening from California where they spent the winter. They went to Meredosia Monday morning where they expect to spend a few weeks.

Misses Leila and Eleanor Finney went to Chapin Friday evening to attend a home talent given there that evening.

Presiding Elder White preached an excellent sermon at the M. E. church Sunday morning at 11 o'clock.

The election which will decide whether Bluffs will have a new school house is to be held Wednesday, April 6 in the McCaleb office.

Mrs. Thos. Meehan of Quincy has been visiting in Bluffs the past week.

Miss Helen Meehan left Friday night for a visit with friends in St. Louis, returning Monday morning.

Arthur Gooch was the guest of Miss Leila Finney Sunday.

Mr. and Mrs. Camps of Pittsfield were the guests of their nephew, Prof. Theodore Morse, Sunday.

Mrs. Steinbaker died at her home at 4:15 p. m., Sunday, April 3. After a siege of the measles, she took a severe cold which resulted in her death. The remains will be taken to Chambersburg Tuesday and interred there. She leaves to mourn her absence, a loving husband, two little daughters, Lottie and two little boys Harlan and Kennet.

Ed Kendall went to Hannibal Sunday to meet the Lewises.

The farmers of this section have changed their opinion regarding their wheat. They think they will not have to plough their wheat as they thought they would two weeks ago.

MURRAYVILLE.

P. R. Briggs and family of Jacksonville spent Sunday with relatives here.

About thirty-five pupils from the surrounding schools took the final examination here Friday.

Arthur Swain of Sinclair attended the district Sunday school meeting Sunday.

J. H. Fuller and C. G. Coultas closed their schools Friday.

Amos, the five-year-old son of Mr. and Mrs. Walter Dobson died at his home west of town, Saturday evening at 5:30 o'clock. His funeral will be held from the Presbyterian church Tuesday morning at 10:30. The service will be conducted by Rev. H. B. Woodling.

Mrs. Chas. Spencer of Manchester spent Saturday evening with her brother, Wiley Coultas, who is quite sick.

Wm. Dobson of Jacksonville spent Sunday with relatives here.

Mrs. P. M. Blakeman and children arrived here Sunday from Kansas, where they have been living for the past year and a half.

Wm. Ezard's health is improving and he is able to sit up some of the time.

George Meredith and Miss Lena Wade of Springfield spent the week end with Miss Wade's relatives here.

Miss Golden Blakeman is recovering from her recent illness and is up and about the house.

Mr. Story of Clarksville, Mo. is visiting his mother, and other relatives here.

Chas. and Edward Ketter are working near Franklin.

The Ladies' Aid society and their friends will hold an all-day sewing at the home of Miss Emma Rimney next Thursday for Mrs. C. A. Blakeman.

Miss Ella Mackness of Jacksonville spent Sunday with R. D. Mawson and family.

Mrs. John Duncan of Manchester spent Monday with her brother E. A. Whitlock and family.

Ed Strang and family of White Hall spent Sunday with Mr. and Mrs. C. F. Strang.

Mrs. W. D. B. Wrikt, Mrs. John A. Carlson, Mrs. C. F. Strang, Mrs. Harry Strang, Mrs. Jennie Andras of Manchester, Mrs. John Wyatt of White Hall, Mrs. Clara Crouns and Mrs. A. M. Masters of Jacksonville, made up a very pleasant surprise party for Mrs. Augustus Isreal of Ashland

Grain Letter.

Chicago, April 6.—Wheat—Was a typical weather market, sharp breaks as a result of rains over the entire wheat belt and particularly in those sections where most needed. The failure of two cash grain houses although not directly affecting the wheat market, caused a slightly panicky feeling in all the pits. Commission house liquidation has been on a large scale with much stop loss selling. The prospect seems to be for a large acreage of spring wheat. Flour business is practically at a standstill and the same is true of cash business. The market acts very weak and it will take some very stimulating news to turn the tide.

Corn—May liquidation on a large scale was a feature of the corn trade. The big bears raided the somewhat demoralized market which was affected by the weak cash market. Stop loss selling was on a large scale and investment buying while fairly good in July and September for a time was not sufficient to support the market. As in wheat the suspension of two shipping concerns added to the panicky feeling.

Oats—Were heavy and lower with other grains. Elevator interests were good buyers of the May delivery which they have accumulated in considerable quantity.

Provisions—Turned very weak and sharply lower under a re-liquidation influenced by the grain market and the lower hogs of yesterday. Packers gave the market some support, but the buying was not urgent. The provisions are in a strong position, but the pit situation is rather weak. James E. Bennett & Co.

WILL HAVE NEW BUILDING

Citizens of Bluffs Voted in Favor of \$20,000 Bond Issue For School Purposes.

The citizens of Bluffs held an election Wednesday, voting on the question of a bond issue of \$20,000 for a new school building. The vote stood 118 for and 81 against the issue, passing it by a majority of 37. A modern brick building will be erected and it is expected to have everything ready to commence work when school closes for vacation. The building which is now in use is a frame structure which was erected in 1891 and the demand for more room has been so urgent that the election was the result. At present five teachers are employed, but the officials expect to increase the number to six next term.

EXECUTORS SALE.

The executors sale of the Mose Burnett estate was held Tuesday, two miles east of Franklin. A large crowd of bidders was present, and farm implements sold well. Shoats sold for \$7.50, fat hogs \$25, steers \$47.50, cows \$45, horses \$70 to \$140, corn 50c per bushel and oats 37c per bushel. C. Fustus Wright was the auctioneer and A. S. Burnett acted as clerk.

DEPENDABLE PROPRIETARY MEDICINES.

It must be admitted by every fair minded, intelligent person, that a medicine could not live and grow in popularity for thirty years and to day hold a record for thousands upon thousands of actual cures, as has Lydia E. Pinkham's Vegetable Compound, without possessing great virtue and actual worth. Such medicines must be looked upon and termed both standard and dependable by every thinking person.

SPIRING LAKE DECISION READ

Peoria Judge Gives Opinion Which Is Far Reaching in Effect.

Peoria Journal—The opinion handed down yesterday by Judge Harris in the circuit court is far reaching in effect and has cast consternation among the sportsmen of the country. All over the country the contention has been that hunters and fishers should have a right on waters covering lands, where the water is tributary to rivers and streams, but Judge Harris' opinion disputes the common belief.

The court also held that from the facts submitted that Spring Lake is not a navigable body of water, taken in a sense of commercial navigation, except under extraordinary conditions, that is, only when there is unusually high water.

The court further holds that the natural tendency of the laws is for the improvement of our country and that in the development of our agricultural interests lies the success of our nation in its development. Accordingly he modified the injunction granted by the master in chancery to the extent that he will permit the building of a dike across the mouth of Spring Lake. But he decides that the other features of the injunction shall stand, in that it prevents the interference with the waters in the main channel of Spring Lake until such time as there has been a hearing on the merits of the case pending.

The court held that although a government survey had been made, that it is not believed that the government ever had an intention of holding this as government water, for no monuments or markers were established. While the lake was meandered, only field notes of the survey were preserved, and probably this for the reference which might be made to them in after years.

A labor saving machine, one that will save hundreds of steps each week, is the Hoosier Kitchen Cabinet. Sold only by Johnson, Hackett & Guthrie.

AWARDED HONORS.

Dean F. S. Hayden Wednesday awarded "1st" to the following members of the Illinois college basketball squad: Everette Waters, Erwin Edwards, John Widenham, Roy Hedgcock, John Phillips, Ruthven Nichols and Ira Underwood. Immediately following the presentation the basketball men held a meeting when they elected John Phillips as captain of the team for next year.

PLAYED PRACTICE GAME.

The Rount College baseball team defeated the Parochial school Wednesday afternoon in a practice game on the Rount College diamond by a score of 26 to 2. Sloan, pitcher for the Rount College, only allowed his opponents two hits. Batteries: Rount College, Sloan and Keating; Parochial School, Perry and Conney.

Chamberlain's Stomach and Liver Tablets will clear the sour stomach, sweeten the breath and create a healthy appetite. They promote the flow of gastric juice, thereby inducing good digestion. Sold by all dealers.

The Bloom of Girlish Health

Pure, Rich, Red Blood Makes Fair and Rosy Cheeks—Hollister's Rocky Mountain Tea Makes GOOD BLOOD.

Impure blood and sluggish circulation are the real causes of pimples, blotches, sallowness and skin eruptions. Any woman ought to know that it is worse than useless to resort to paint, powder, complexion lotions and washes to secure the semblance of a fair and rosy complexion, while neglecting to remove the cause of the unsightly blemishes.

The bloom of health and youth is a sign of good blood running strong and true in the veins. Bad or impure blood will quickly turn into good pure blood when the stomach, liver, kidneys and bladder properly perform their functions in filtering and casting out from the system the system's poisonous waste matter. Hollister's Rocky Mountain Tea regulates the bowels, arouses the liver, stimulates the kidneys to normal, healthy action. It cannot fail to do this.

The whole system is purified and kept pure by this unequalled combination of simple herbs, roots and seeds—a blend that has been improved by science, skill, and the experience of more than thirty years. The original and genuine

Hollister's Rocky Mountain Tea can be had at any druggist's for 35c a package. And a package will make 105 cups of health and strength-giving tea.

Any woman or girl suffering from ordinary female derangements, or from failure to properly assimilate food—from sluggish circulation or impure blood—will find this fine old family medicine all that she could hope for. It gives health, strength and vitality—makes life a joy and truly worth the living.

For travelers and busy people the Tea is put up in tablet form. Ask for Hollister's Rocky Mountain Tea Nuggets—35c per box.

Make Your "Meat" Shredded Wheat

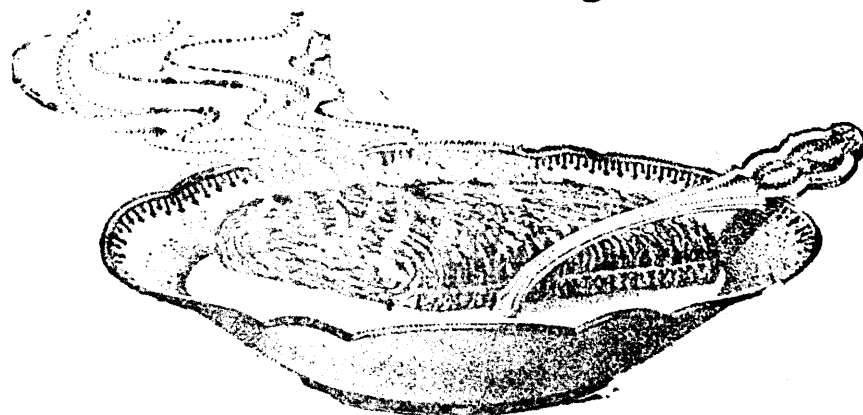

These are troublous times for the man who eats food.

The Government is after the beef trust, the poultry trust and "the cold storage egg". But while congress, state legislatures and grand juries are "investigating" the high cost of living, your meat bills and grocery bills are soaring higher and higher.

The food problem is an easy one if you know

SHREDDED WHEAT

It contains more real body-building nutriment than meat or eggs, is more easily digested and costs much less. Always clean—always pure—always the same price. Your grocer sells it.

Shredded Wheat Biscuit is made of the whole wheat, steam-cooked, shredded and baked in the cleanest, finest food factory in the world. It is ready-cooked, ready-to-serve. Two Shredded Wheat Biscuits heated in the oven to restore crispness, and eaten with a little hot milk, and salted or sweetened to suit the taste, will supply all the energy needed for a half-day's work. If you like it for breakfast, you will like it for any meal in combination with vegetables, baked apples, sliced bananas, stewed prunes or other fruits.

ALL THE "MEAT" OF THE GOLDEN WHEAT

The Question of Money

is often one hard to answer by those who like to be independent. Not every one cares to go to friends, relatives, neighbors or their employer for an accommodation and you know as well as we that to tip off your financial affairs to them is also bad. Not every one has what is called in banking circles "Gilt Edge Security." It is these classes which we wish to help when in need of assistance. If you own Pianos, Furniture, Live Stock, Teams, Wagons, etc., you may borrow any amount you may need from \$10 up to \$100. We make a specialty of small loans. Security remains undisturbed in your possession. Our rates are the lowest.

\$1.20 is the Weekly Payment on a \$50.00 Loan

for fifty weeks. Other sums at same ratio. Payments can be arranged monthly to suit your income, so small that you will not feel them. Every payment reduces loan. Account can be paid in full at any time, only cost you for time used. Do not pay the high rate charged by other loan concerns, but come to us. Owing to rapid increase of our business, our agent will be in Jacksonville every Thursday at R. W. Reid's office, over Cassell's cigar store, first stairway north of Ayers' National bank. Call and see him. An investigation will cost you nothing. If unable to call write our home office and we will have him call on you at your residence.

POULTRY FANCIERS ARE PLENTIFUL

FAVORABLE SEASON HAS RESULTED IN RENEWED INTEREST IN FOWLS.

Members of the Jacksonville Association and the Breeds They Favor. Preparations Already Under Way For the Exhibit Next Winter.

The present is a time of active interest among the raisers of poultry in this city and county. The season has been favorable for the raising of young chickens and it is safe to say that seldom if ever before have there been so many broods this early started well onward toward maturity. It is really surprising to know the number of Jacksonville residents who devote some time to poultry for there are scores of people young and old in this vicinity who raise chickens for both pleasure and profit. The recent organization of the Jacksonville Poultry association is a mark of the new interest along this line and new members are daily being taken into the association. Indications are that when the show is held next December that there will be a larger number of entries than during any previous year in the history of such affairs in the county.

The names of the Jacksonville Poultry association and the kinds of poultry they breed are given below. In a number of instances the records do not show as to what particular line of chickens the member devotes attention:

Prof. J. G. Ames, Barred Rocks.
J. S. Alkire, Brown Leghorns.
Mrs. W. P. Berry, White Wyandottes and Sea Bright bantams.
A. G. Burr, Buff Orpingtons.
C. W. Brown, Barred Rocks.
W. R. Brittenham.
J. W. Bowen, White Wyandottes and White Leghorns.
S. M. Butler, Barred Rocks.
J. M. Bunce & Co.
P. G. Capps.
T. L. Cannon.
Mrs. J. W. Clary, Rose Combed Rhode Island Reds.
W. D. Cody.
Cain-Webster Co.
E. M. Dunlap, Buff Rocks.
R. I. Dunlap.
A. J. Davis, Partridge Cochins.
Thad Eastman, Blue Andalusians.
Fred Goss, Barred Rocks.
Mrs. Lambert Hastings, White Wyandottes.
John R. Hill, Barred Rocks.
Prof. L. F. Hitt, White Rocks.
D. T. Helmlich, Barred and White Rocks, R. I. Reds, White Wyandottes and Seabright bantams.
W. T. Hamilton, Rhode Island Reds.
Glenn Johnson, Light Brahmas.
H. J. Kennedy, Barred Rocks.
J. F. Kellogg, Black Minorcas.
G. F. LaRue, Rhode Island Reds.
Len G. Magill.
W. J. Moore, Buff Rocks.
Richard Perkins.
W. H. Paschall, Barred Rocks.
J. Henry Reid, White Wyandottes.
E. A. Ranson, Barred Rocks.
R. C. Reynolds, Buff Rocks.
J. H. Rawlings & Son, White Orpingtons and Barred Rocks.
E. L. Snyder, Rhode Island Reds.
J. R. Stice.
Walter Smith.
Miss Mary Spaulding, Barred Rocks.
T. M. Stubblefield, Barred Rocks.
White Leghorns and White Holland turkeys.
J. Z. Smith, Barred Rocks.
F. H. Thies, Barred Rocks.
Paul Traube, White Wyandottes.
J. W. Theobald, White Rocks and Buff Leghorns.
W. E. Thomson, Barred Rocks.
R. G. Vasey, White Rocks.
G. A. Wheeler.

A few facts concerning some of the breeds mentioned above are given herewith:

Barred Rock.

One of the most popular breeds of chickens is the Barred Rock. It is the best known and most widely disseminated American fowl and is a good layer. This breed gained a wonderful popularity in the early seventies and fabulous prices were secured for good show specimens, which made the American public want more of them and it was not long until the White Plymouth Rocks became known and gained popularity. The back and body are rather long, breast broad and deep. The cocks weigh nine and a half pounds and the hens seven and one-half.

Rhode Island Reds.

The Rhode Island Red is a good sized fowl, excellent for marketing purposes and is well known as an egg-producer of large ability. The tall color of the Rhode Island Red is black with a red surface of body-plumage, with a red or salmon undercolor. The body is long and level and the standard size is, for cocks, eight and one-half pounds and hens, six and one-half pounds.

Leghorns.

There are eight varieties of the Leghorns—Single and Rose Comb Brown, White and Buff Leghorn; Single Comb Silver Duckwing Leghorn and Single Comb Black Leghorn. Early maturity and great activity characterize this breed and if given warm, dry quarters they will produce large numbers of eggs. The size and shape of all are identical. The eggs are white and therefore

are great favorites of the New York City market.

Buff Orpington.
This breed has taken a strong hold on the affections of American fanciers and a large increase in their number is predicted, to enable the producer to supply the demand for white-skinned fowls. It has a long body, although its abundance of plumage gives it the appearance of a short back and short body. They are good producers of large, brown eggs. They are somewhat larger than the Plymouth Rock, the cocks weighing ten pounds and the hen eight pounds.

Cochins.
There are four types of the Cochins—Buff, Partridge, White and Black. The shape of all is the same and their peculiarity is an appearance of massiveness and fluffiness. The heavy but short feathering of the Cochins, piled high on the back and extending wide on the sides, makes it appear larger than the Brahma, but its size is about the same, the cocks weighing eleven pounds and the hen eight and one-half pounds.

Wyandotte.
The entries of the breed at the greatest fall and winter shows for the last four years reveal them to be more popular than any other standard variety. The Silvers, the original Wyandotte, have never been surpassed in their production of eggs. Hundreds of cases are on record of poultry, laying at five months. They have close fitting rose combs and an abundance of fluffy but close fitting plumage. Cocks weigh eight and one-half pounds and hens six and one-half pounds.

Minorca.

The shape of the Minorca is rather peculiar. It has a long body carried rather upright, deep at the breast with the back tapering sharply toward the tail. The comb is rather large. There are three varieties of this breed—Single and Rose Comb Black and Single Comb White. In the rose comb variety the cocks weigh eight pounds and the hens six and one-half pounds. Each sex of the single comb variety weighs a pound more.

Blue Andalusian.
This is one of the later and one of the most beautiful addition to the Mediterranean family. The plumage is clear, slaty blue, each feather delicately laced with a darker shade of blue, approaching black. In size it is about midway between the Leghorn and the Minorca, the cocks weigh six pounds and the hens weigh five pounds.

Seabright Bantams.
There are two specimens of the Seabright bantams, the Golden and Silver. They are proud little birds. The cocks and the hens are feathered alike. The plumage of the Golden Seabright has a yellow base and each feather is distinctly laced with black. The Silver Seabright has a white base for its plumage with the same lacing as the Golden.

Let us send you one of the "Crown Vacuum Cleaners" and an operator to show you just how it operates. It will not obligate you to purchase unless fully satisfied, \$18.00. Johnson, Hackett & Guthrie.

FUNERALS.

Spire.

The funeral services of Mrs. Edward Spire, whose remains arrived from Oklahoma Tuesday, were conducted from the Providence church Wednesday morning at 11 o'clock, in charge of Rev. M. L. Browning of Palmyra, assisted by Rev. A. H. Flagg, pastor of Franklin M. E. church. There was a large gathering of friends present to pay a last tribute of respect to one held in high esteem.

Music was furnished by the choir of the Providence church and Durbin church, with Miss Mae Seymour as organist. The beautiful floral gifts, including a pillow with the words "Our Baby" thereon and a lovely wreath sent by friends from Oklahoma, were cared for by Mrs. Etta Walters, Misses Mary Hough, Hattie Gibson and Gertrude Bond.

Rev. Mr. Browning took his text from the second chapter of Revelation, part of the tenth verse, "Be thou faithful until death and I will give thee a crown of life." He spoke words of sympathy to the relatives and friends and told of the Christian character and life of the departed. Rev. Mr. Flagg also read as scripture lesson the 23rd Psalm and the 21st chapter of Revelations.

The remains were laid to rest in the Providence cemetery and the bearers were Messrs. Edward Scott, Leslie Dodsworth, Charles Ransdell, Ernest Ransdell, Dennis Whalen and Harry Ray.

Among those who attended the funeral services from Jacksonville were Mrs. John Rawlings, Mrs. Charles Seymour and Mrs. H. C. Busby.

WESLEY MEMORIAL DEDICATION

Atlanta, Ga., April 6.—A four days programme of exercises in celebration of the completion of the Wesley Memorial church of this city was inaugurated this afternoon. The church is the largest institutional church in the south and is designed to be a center of Methodism in Georgia. The edifice is four stories high and was erected at a cost of over \$250,000. The main auditorium takes up a large part of the first, second and third floors. In addition to the aud-

WORTH WEIGHT IN GOLD

Lady Learned About Cardui, The Woman's Tonic and is Now Enthusiastic in its Praise.

Mount Pleasant, Tenn.—"Cardui is all you claim for it, and more," writes Mrs. M. E. Rail, of this place.

"I was a great sufferer for 2 years and was very weak, but I learned about Cardui, and decided to try it. Now I am in perfect health."

"My daughter, when changing into womanhood, got in very bad health. I gave her Cardui and now she enjoys good health."

"Cardui is worth its weight in gold. I recommend it for young and old."

Being composed exclusively of harmless vegetable ingredients, with a mild and gentle medicinal action, Cardui is the best medicine for weak, sick girls and women.

It has no harsh, powerful, near-poisonous action, like some of the strong minerals and drugs, but helps nature to perform a cure in a natural easy way.

Try Cardui.
N. B.—Write to Ladies' Advisory Dept., Chatanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book "Home Treatment for Women," sent in plain wrapper, on request.

HILLERBY'S BUTTERICK PATTERNS

Underwear

of the upper quality. Our new line of muslin and knit underwear is pretty nice. There's quality, style and full sizes. You'll wonder why they are so little priced.

New and Useful Gingham

10c to 50c per yard. We never have sold so many as this spring.

The latest in linen collars, jabots and neckwear. See what 25c will buy.

Our Likesilk Hosiery at 25c is just the weight you usually find in 50c ones.

SAFEST PLACE TO TRADE

Attractive Spring Styles

Sitting aimlessly in one of our railway stations the other day my attention was attracted to an unusually striking pair of low shoes on a young woman. They captured my undivided attention at once. The general character of the shoes appealed to me, they were so shapely and attractive in appearance I could not keep my eyes from them. A glance at Hopper's show window will convince you this is but one of the many charming styles they are offering, in all the popular leathers in the prevailing styles at \$2.50 to \$4. Let us slip your feet into a pair of our snappy low shoes. They will please you.

A large assortment of slippers for the children in all the leathers, ties, ankle straps, skuffer effects and Roman sandals.

INDICATIONS.

Washington, April 6.—For Illinois: Fair and warmer Thursday; Friday fair, cooler in the northwest.

HELP THE BOY.

And Attend the Concert Friday Night at the High School Auditorium for the Benefit of Willie Lee.

The Journal again takes pleasure in calling attention to the concert to be given tomorrow evening at the high school auditorium for the benefit of Willie Lee, the unfortunate young man who suffered the loss of both feet some time ago. His pathetic history needs no repetition and here is a chance to do him good for he gets what is taken in at the entertainment tomorrow evening. It is needless to add that full value will be given for the money paid for tickets as the program will be all right and of a quality which will commend itself to all who enjoy something good. The Journal hopes there will be a full house and a fine appreciation of the good people who are to supply the numbers and at the same time a disposition to aid a worthy cause.

The splendid work of Chamberlain's Stomach and Liver Tablets is daily coming to light. No such grand remedy for liver and bowel troubles was ever known before. Thousands bless them for curing constipation, sick headache, biliousness, jaundice and indigestion. Sold by all dealers.

METAL WORKERS

AT WORK AGAIN.

The differences existing for the past few days between the sheet metal workers and their employers were settled yesterday and the men will return to work this morning. The settlement was in the nature of a compromise. The men asked for 42½ cents per hour with pay for six days and a half holiday Saturday afternoon, and time and half for Saturday afternoon if work was necessary. The basis of settlement was 40 cents per hour, the men to work the full six days. The scale has been 37½ cents per hour.

ELECTRIC LINE MAY BE BUILT

A. J. and P. Road Said to Have Passed Into New Ownership.

According to the Alton Daily Times the Alton, Jacksonville & Peoria railway is about to be sold to Alton men and it is their intention to extend the line to this city at once. The fact that the money did not hold out and that the present owners have invested all they care to is given as one of the reasons why the road has never been extended. The prospective owners have already practically completed arrangements for the line to enter St. Louis, via the Burlington railroad tracks and the Alton bridge. A conference has been held by the men with Henry Miller and an agreement will undoubtedly be reached between them and the Burlington and the Alton Bridge Co. It is probable that the men will pay 40 per cent of the gross earnings for the use of the Burlington tracks, they to furnish motive power and cars and bear all other expenses.

Wanted—Girls for general laundry work; also experienced hand ironers. Barr's Laundry.

AT THE BIJOU.

At the Bijou theater the Sanguine company is the attraction this week and the patronage is very liberal for the bill is one of the most attractive of the season. Some excellent comedy work is being done and for to night's performance will be better than ever as the company has been augmented by new arrivals. The \$5 in gold will be given away to morrow night.

The regular meeting of Council 269, M. P. L., will be held in the M. W. A. hall on south side of the square this evening. All members are urged to be present as important business is to be transacted.

Lizzie Hayes, Pres.
W. C. Sperry, Secy.

IN SOCIETY

Mrs. Herbert J. Capps of North Main street was hostess to a delightful party given Wednesday afternoon at which time the engagement of Miss Martha Mabel Ellis to Mr. Charles Ernest Roach was announced. The house was prettily decorated for the occasion. In the front room were white carnations, snailax and pink roses; in the dining room, violets and white lilies; in the living room, lilacs, and yellow tulips were found in the guests' room.

The announcement was made in a very unique way. After the guests had all assembled, Margaret Virginia, little daughter of Mrs. Capps, entered the room carrying a tiny basket of apple blossoms inside of which was a kitten hidden in a bag. When the little tot entered her mother asked what she was going to do and she replied: "Let the cat out of the bag." When the cat made its appearance it was covered with a red, white and green colors, all bearing the initials "M. E." and "E. R."

The programs for the afternoon were neatly designed, being of white and containing a cupid as a frontispiece, also the initials of the bride and groom to be written in letters of gold. The program consisted of a "Musical Romance" and a "Private Collection of Works of Art," which afforded much amusement to every one.

A red and white luncheon was served and Mrs. Capps was assisted in entertaining by Mrs. Homer Peter, Mrs. M. E. Gilbert and Miss Edna Stout. Hand painted cats tied with white ribbons were the favorite given and they were placed in the ice cream. The afternoon was most enjoyable in every way. The day for the wedding has not been announced but it is understood will take place some time the first of July.

See the Hoosier Kitchen Cabinet display this week. Special price, special terms. Johnson, Hackett & Guthrie.

WERE IN CHERRY MINE DISASTER

Messrs. Walter Wait and George Eddy Will be Among the Speakers Tonight at the District Convention of the Knights of Pythias.

The district convention of the Knights of Pythias, which comprises the counties of Cass, Green, Morgan and Scott, will meet here this evening under the auspices of the members of Favorite Lodge No. 376 and Jacksonville Lodge No. 152. The purpose of the meeting is to meet the officers of the grand lodge and to hear the out of town speakers.

The local lodges have planned everything possible for the guests. Some of them will arrive in the city by noon and in the afternoon will be given an automobile ride over the city. Messrs. W. L. Fay, Richard Reynolds and Dick Rowe having kindly donated the use of their machines for that purpose.

Among the out of town speakers will be Albert Watson, grand chancellor of Mt. Vernon; Henry P. Caldwell, G. K. of R. and S., of Chicago; Rev. T. R. Egerton, secretary of Cherry relief committee, of Seatonville; Dr. L. D. Howe, chairman committee of St. Mark's lodge at Cherry; R. W. Sweeney of the insurance department of the lodge of Galesburg; John C. Thompson, chairman of relief committee; Walter Wait and George Eddy, of Cherry. Messrs. Wait and Eddy were two of the men who were rescued from the Cherry mine after eight days of imprisonment. It was an experience scarcely paralleled in the history of disasters and the story they will have to tell will be one of marked interest.

Dr. L. D. Howe has written that workmen are busy in the third vein of the Cherry mine and they expect to take out the bodies there Saturday. Messrs. Wait and Eddy are superintending this work and it is only through the kindness of the officers of the mine company that they were able to leave their work and attend the district meeting here.

The cities who will send delegates are White Hall, Roodhouse, Waverly, Virginia, Beardstown, Bluffs, Winchester, Chandelville and Rockbridge. Grand Chancellor Watson will meet the Cherry relief committee which he appointed at Cherry to distribute the funds the various lodges have contributed. Past chancellors who wish to take grand lodge work are asked to confer with their respective chancellor commanders. The meeting will commence at 7 o'clock and will be opened to only K. of P. members and all visiting brethren will be cordially welcomed.

RETURNS FROM CALIFORNIA.

W. T. Dodsworth returned yesterday from California and expects to spend the summer in this locality. His family will return within a few weeks' time. Mr. Dodsworth brought with him a number of papers telling about the oil fields of California. That state now holds first rank as producer of petroleum of any district in the world.

SUIT FOR DIVORCE.

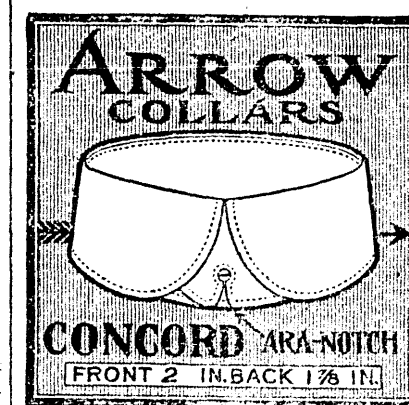

Through her attorney, Robert Tilton, a suit for divorce has been filed by Mrs. Mabel Collins asking for separation from her husband, Gus Collins. They were married in 1907 and lived together until within a few months. The husband is charged with cruelty.
